## RAID TENDERLOIN DIVES OF GOTHAM

Police Probe Results in a Movement to Clean Out Alleged Vice Trust

## GOVERNMENT GO TO DULUTH

Reported that Lefty Louie and Gyp the Blood Are on Lake Boat for Twin Ports

NEW YORK, Aug. 16.—While detectives, on a clue furnished by a postcard alleged to have been received by Bridget Webber, were searching the vicinity of Methuen, Mass., for Lefty Louie and Gyp the Blood, wanted for the murder of Gambler Herman Rosenthal, uneasy denizens of New York's tenderloin, were wondering what next. Raids were made on eighteen disorderly houses last night and their keepers were arrested. District Attorney Whitman asserted that the vice of the tenderloin was in the hands of a trust recently organized, the four directors of which held weekly meetings. He said they split up enormous profits and that they absolutely controlled all of the disorderly resorts in New York which the police allowed to operate. Whitman said that there had been no move by the police against such places since the Rosenthal assassination.

The possible clue to the whereabouts of Lefty and Gyp furnished by Webber came in the form of a postcard with a Methuen date, enclosed in two sealed envelopes. "Do best you can. We are all right. L. and G." was written on the card.

Go to Duluth.

DULUTH, Minn., Aug. 16.—A dispatch from Erie, Pa., to the police here says a man and woman who are suspected of being "Lefty Louie" and "Gyp the Blood," wanted for the murder of Gambler Rosenthal in New York, are on board the steamer Tionesta of the Anchor Line, bound for Duluth. Gyp is supposed to be disguised as the woman. The Tionesta is due here tomorrow morning.

The Tionesta makes stops at Sault Ste. Marie, Marquette and Houghton, and the authorities at these ports have been notified to watch for the suspects.

The agents of the steamship line are skeptical about the story, claiming that, as the officers of the vessel are constantly in communication with land by wireless, they could easily make the arrests if notified.

ALBANY, N. Y., Aug. 16.—Governor Dix today named Judge Goff to hold a special term of the supreme court at the request of District Attorney Whitman in the police graft case.

Not on Board.

MARQUETTE, Mich., Aug. 16.—The New York gangsters, Harry Horowitz, known as Gyp the Blood, and Lefty Louie, Rosenwein, who were reported to have taken passage up the great lakes on the steamer Tionesta, were not aboard that vessel when she docked here today. No suspicious characters were seen to leave the boat and the captain stated that a search among the passengers had revealed none.

Thought in Detroit.

DETROIT, Mich., Aug. 16.—According to a senatorial report emanating from police headquarters, Harry Horowitz, known as "Gyp the Blood," and "Lefty Louie" Rosenwein, New York gangsters, alleged murderers of Gambler Rosenthal, left a lake steamer in Detroit Wednesday night. Several detectives were detailed to the case this afternoon. According to the report a mysterious man and "woman" left the steamer here. Horowitz is said to have been disguised as a woman.

BUY SOX PLAYERS

LINCOLN, Neb., Aug. 16.—President Hugh L. Jones of the Lincoln baseball club, today announced the purchase of Shortstop Berghammer, First Baseman Mullen and Catcher Carney from the Chicago White Sox. These players have been with Lincoln the greater part of the season, but on optional agreements, and today's deal makes them the property of the local club.

CREW STRIKES

GREEN BAY, Wis., Aug. 16.—Paving operations in the city were brought to a sudden standstill when the concrete crew of the White Construction company, a Milwaukee concern, struck for higher wages. The men are getting \$2 per day and demand \$2.25.

MAINE INVITES WILSON

SEA GIRT, N. J., Aug. 16.—Governor Plaisted and Maine Democrats today renewed their invitation to Governor Wilson to make a few campaign speeches in that state next month, but Wilson was unable to make a definite answer.

AUTO TURTLES; 3 DIE

WHITEHOUSE, N. J., Aug. 16.—Three persons were killed and two others badly injured when a large touring car turned turtle near Gray Hook, on the Flemington road, about two miles from here this afternoon.

## Handsone Child Found Lost Still Unclaimed

NEW YORK, Aug. 16.—Members of the New York Children's society cannot account for the failure, after more than a week, of the parents of "Jane Doe No. 26" to claim her, because Jane's ready smile and cheerful ways surely must be missed from any home she ever blessed.

Jane Doe No. 26 cannot talk and there was not a mark of identification anywhere about her clothing when a policeman found her taking an unchaperoned stroll in Fourth avenue.

She is about two and one-half years old, unusually pretty and so good tempered that the matrons say the other tots will experience a veritable "passing of the third floor back," when Jane is taken away.

## SENATE REFUSES TO IGNORE VETO

Taft's Stricture on Steel Bill Is Approved by the Upper House This Afternoon

## ADOPT THE CANAL BILL

Conference Report on Panama Toll Measure Is Agreed to After Debate

WASHINGTON, Aug. 16.—The senate this afternoon emphatically refused to pass the steel tariff bill over President Taft's veto. The advocates of the measure were unable to muster even a majority of the senate and the motion to override the executive disapproval was voted down, 32 to 39.

By a vote of 48 to 8, the senate agreed to the conference report on the Panama canal bill.

The canal tolls was again the subject of a long debate in the senate this afternoon, when Senator Brandegee of Connecticut called up the conference report on the Panama bill—a compromise which Brandegee and Representative Stevens of Minnesota refused to sign. The Connecticut senator explained that the compromise suggested "violated treaty rights," and while improving the bill, was incomplete. He bitterly assailed the senate amendment, giving the interstate commerce commission power to divorce railroad carriers from ownership of steamship lines.

That the compromise measure was a "heterogeneous mass of legislation affecting subjects that did not properly come within the bill," was asserted by Brandegee.

Simmons of North Carolina defended the provisions increasing power of the interstate commerce commission itself had virtually prepared them.

RATTLE SKELETON

WASHINGTON, Aug. 16.—Rattling old bones of a state department "skeleton" just prior to Secretary Knox's departure for Japan, Chairman Hamlin of the house committee on expenditures in the state department today made an informal report on the committee's recent investigation, caustically criticizing Knox and his administration. Hamlin charged Knox with using a negro employee of the department as his valet when the secretary recently visited Central America. He also denounced "loose and dangerous practices" in the department accounting of the secret diplomatic fund.

FIRE DESTROYS MILL

CHICAGO, Aug. 16.—More than \$200,000 worth of property was destroyed, the lives of fifteen firemen were imperiled by a falling wall and one man was seriously hurt jumping as the result of a fire which today burned the mill and elevator of the J. J. Badenoch company on the west side.

RELEASE SUSPECTS

MILWAUKEE, Wis., Aug. 16.—Two of the three suspects arrested Tuesday in connection with the shooting of Patrolman Charles Korn at West Allis, and Saloonist Watzlavak of Wauwatosa, were this afternoon released from the county jail on an order issued by the district attorney.

TAGGART SEES VICTORY

MILWAUKEE, Wis., Aug. 16.—"There is nothing to it now but the counting of the votes. It's a democratic victory not only in Indiana but throughout the nation at large." This was the statement here today of Thomas Taggart, national democratic committeeman.

PRINCES WON'T VISIT U. S.

LONDON, Aug. 16.—That definite plans have been made for the Prince of Wales and his brother Albert to visit Canada and the United States, was denied on high court authority today.

## BOB DISAPPROVES ALL CANDIDATES

Roosevelt Comes In for the Biggest Share of Senator La Follette's Censure

## WILSON IS TOO RESTRAINED

Says New Jersey Governor Under-states the Issues at Stake in Fight

MADISON, Wis., Aug. 16.—Disapproval in varying degree of Taft, Roosevelt and Wilson, is expressed by Senator La Follette in today's issue of his magazine. In part he says:

"Restraint and under-statement characterize and in a degree weaken Gov. Wilson's presentation of the issues. There is, however, no ambiguity. He frankly announces—and this doubtless required courage—that he believes in tariff for revenue only."

"Roosevelt's 'Confession of faith' is neither the one thing or the other—it is just Roosevelt. He is forcible, definite and positive on matters about which there can be no dispute. He asserts with the enthusiasm of an original discoverer, principles advanced by progressives years ago. There is a mill-stone about Roosevelt's neck and that in itself makes him impossible as the candidate of a real progressive movement."

"Taft's acceptance speech is a direct appeal to the conservatives and the president does not recognize that the people's movement for legislation will aid in making the government more responsive to the will of the majority."

## CRUSHED UNDER WATER

PORT BURWELL, Ont., Aug. 16.—Edward West of Port Huron, Mich., a diver, was crushed to death in forty feet of water early today, and another diver whose name was not known, probably was fatally injured when a sunken scow turned on its side while the divers were examining it. The unknown man was brought to the surface but failed to regain consciousness. The men were employed by the Great Lakes Towing company of Cleveland.

## COMMANDS WEST POINT

WASHINGTON, Aug. 16.—Colonel C. P. Townsley of the coast artillery corps, now stationed at Portland, Maine, was today selected by President Taft as superintendent of West Point military academy, succeeding Major General Thomas A. Barry, who was recently promoted to be commander of the department of the east.

## MISSILE MISSES FATHER SALMONE

Pool Ball Ducked by Man Attacked Nearly Hits Priest in the Head

John Door is being held by the police today pending trial for an alleged assault in which Rev. Father Phillip Salmone, pastor of Our Lady of Lourdes Catholic Syrian church is said to have narrowly escaped injury and possible death. According to William Abdo, Mankato, Minn., who brings the complaint, Door hurled a pool ball at him as he stepped into the home of Mike Mansoor, of 517 Mill street, last evening. He side-stepped avoiding the ball which barely missed Father Salmone, striking the wall near his head and leaving a large hole.

According to Abdo who arrived here a few days ago to attend a wedding at the home of Mansoor, Door entered a nearby pool room in an intoxicated condition and started using abusive language, finally throwing a pool ball which grazed his shoulder. Not wishing to become a target for Door he left the pool room and went to the home of Mansoor.

Door is alleged to have followed him to the house and to have hurled another ball as he entered. Mansoor today declared that Door threatened to tear down the house if he did not return the pool ball which he threw at Abdo. A policeman however intervened before Door had an opportunity of carrying out his threat. The defendant today admitted that he was intoxicated.

## WOULD KEEP COURT

WASHINGTON, Aug. 16.—A fight to postpone abolishment of the commerce court until next winter developed today in the house appropriations committee. Representative John (Dem., S. C.) in charge of the sub-committee framing the vetoed legislative bill, insisted upon eliminating both the commerce court and seven-year clerical tenure from the bill as objected to by the president.

## Bryan Says T. R. Wants Control of the Country

CLEVELAND, O., Aug. 16.—William J. Bryan in town today, took a characteristic wallop at Colonel Roosevelt and the third term party, as he called it.

"How about Roosevelt?" the democratic leader was asked.

"Mr. Roosevelt is strong on criticism and short on construction," replied Bryan. "He can write a good indictment against President Taft, but he has not prepared a satisfactory remedy for the trusts. He would have the country jump from the trust frying pan into the socialistic fire. His bureau control of trusts plan is the most audacious attempt that the country has ever seen to set up a one-man government and maintain it by the influence which the executive could bring to bear through such a bureau."

## NEGRESS DIES FOR KILLING EMPLOYER

First Woman to Be Executed in Virginia Is Electrocuted in Beattie Chair

## MURDERED AN AGED WOMAN

In Fit of Anger She Beat 72 Year Old Lady to Death with a Poker

RICHMOND, Va., Aug. 16.—For the first time in the history of the commonwealth, Virginia today took a woman's life as judicial retribution for murder. Virginia Christian, a 17 year old negro girl, was shocked to death in the same electric chair that nearly a year ago claimed the life of Henry Clay Beattie, Jr. A jury had declared her life forfeited for the murder of Mrs. Ida Belote, and Governor Mann was deaf to all pleas for commutation of that death penalty.

Beat Woman to Death.

The crime was one of the most brutal on record in Virginia. The girl was employed by Mrs. Ida Belote of Hampton, Va., as a washerwoman. Last March Mrs. Belote severely reprimanded her for negligence in her work. The negro girl brutally attacked her aged employer—Mrs. Belote was a frail woman, 72 years old—felled her with a poker, and in a frenzy of rage beat the unconscious woman to death.

Picking up the bleeding body, the girl carried it into a back room. There she stuffed it away in a corner, hoping to escape before Mrs. Belote's daughter could return and find it. The daughter did not reach home until late and when she searched for her mother discovered the crime.

Not Affected by Sentence.

Virginia Christian was immediately suspected and when arrested admitted the murder, claiming self defense. She said Mrs. Belote attacked her with a broom. The plea was disproved on complete circumstantial evidence. The negro was condemned to the chair after a brief trial. She claimed to be only 17 years, but appeared much older. Well educated and neat she gave no appearance of the brutal temper that caused the crime. When death sentence was pronounced she showed no sign of emotion. Even during the weeks of waiting for death, she remained stolid. She scorned religious consolation.

## A. F. L. NOT FOR TAFT

ATLANTIC CITY, N. J., Aug. 16.—The executive council of the American Federation of Labor in its first session today failed to settle the question of endorsing a presidential candidate. Samuel Gompers and Frank Morrison were in attendance, and it was said that the members of the council were divided between Wilson and Roosevelt, but there apparently was no Taft sentiment.

## MICHIGANDERS ASK SUFFRAGE

DETROIT, Mich., Aug. 16.—The fight of the women of Michigan for the ballot was on in earnest today by the opening of the campaign last night when Miss Ida Hultin, pastor of the Unitarian church of Sunbury, suburb of Boston, made speeches on the principal street corners from an automobile.

## HE'S LITTLE, BUT BRAVE

NEW YORK, Aug. 16.—Plans today were completed for the wedding this afternoon of Miss Alpine Blitch, who weighs only 650 pounds, and Louis M. Aiken, a printer of Springfield, Mass., tips the scale at 135 pounds, with his hat on. The wedding will be the culmination of a romance of years begun back in the days when Miss Blitch was a freak with the Barnum & Bailey circus. Mr. Aiken's introduction to her cost him a dime.

## COMES WITH PLANS

Engineer Burdick of the firm of Alvord and Burdick arrived here from Chicago this morning with the preliminary sketches of the proposed and specifications for the plans half million dollar well system.

## SOUTH JUNCTION DEPOT IS ROBBED

Masked Bandit Makes the Operator Turn Over Strong Box at Point of Gun

## LA CROSSE POSSE IN PURSUIT

No Trace of Robber Found; Surrounding Towns Are on the Look-out

Detectives, police and the sheriff with deputies scoured the surrounding country for hours last night in an effort to find a bandit who entered the Burlington depot at South Junction and at the point of a revolver commanded A. A. Bottman, night operator, to "hand over the cash." The strong box contained but \$12.

Bottman, who has been in the employ of the company for several years, was taking a message about 9 o'clock last night when he was startled by a command to throw up his hands. Rising from his chair and wheeling upon the intruder found himself looking into the barrel of a "forty-five" while two gleaming eyes flashed from behind a black mask which covered the greater part of the bandit's face.

Bottman immediately threw up his hands and in compliance with the gruff command to produce the money, removed the strong box from the safe and handed it to the bandit, who backed out of the door, keeping the operator covered until he reached the outside, then turning, ran down the track.

Bottman immediately notified the Burlington offices in this city by means of a telegram and Chief of Police John Webber and Sheriff Chris Burns in turn were notified.

A posse of policemen, Detectives Joseph McGrath and W. Fitzsimmons, Sheriff C. Burns and Under-sheriff L. Omerberg started for the scene of the holdup in automobiles and spent the greater part of the night in an effort to find their man but were unsuccessful. The search is being continued today and authorities in all cities and villages within a radius of several miles have been notified to keep on the lookout.

## T. R. WOULD EMBROIDER WILSON

OYSTER BAY, N. Y., Aug. 16.—Intimating that he will aim the opening guns of his campaign at Governor Wilson and the democratic party, Colonel Roosevelt left here at 10 o'clock today, armed with two speeches to be delivered at Providence, R. I., and Revere Beach, near Boston. In the last four days the colonel has indicated a desire to draw Wilson into a controversy. Roosevelt expects to arrive at Providence about 6 p. m.

## WILL ASK KAREL TO SPEAK HERE

Local Supporters Will Invite Judge to Deliver Campaign Address

J. L. Utermoehl, as chairman of the financial committee of the Karel club, which was appointed at a meeting last night, has been instructed to invite Judge "Ikey" Karel to visit La Crosse Monday, August 26, to address a meeting of Karel democrats. As now planned Judge Karel will be requested to spend a few hours of the preceding Sunday in the outlying districts of the city. A parade will be held Monday evening following which he will speak. The other members of the financial committee are: P. W. Mahoney, John Elliott, Joseph Boschert and E. T. Mueller. J. B. Murray, president, was instructed to appoint an executive committee consisting of a member from each ward and precinct in the city and county. Last night's meeting was largely attended.

## FOUR ARE POISONED

RACKY FORD, Colo., Aug. 16.—Three persons are dead and another dying here today as a result of arsenic or ptomaine poisoning. The first physician diagnosed the case as ptomaine poisoning from eating beef soup, but four other doctors called in later, said that symptoms of arsenic poisoning had developed.

## FAVOR LIMITED PROHIBITION

NASHVILLE, Tenn., Aug. 16.—The democratic state convention today adopted a platform favoring repeal of the state-wide prohibition law, but permitting sale of liquor in Nashville, Memphis and Chattanooga, and prohibiting it everywhere else under the terms of the old law.

## COUNCILMAN EXPOSES HIS RECORD TO END BLACKMAIL

PHILADELPHIA, Aug. 16.—Friends today were rallying to the support of Councilman William Burke, who resigned his office and publicly told of his former life as a convict, because, he said, he could no longer stand for the blackmail an ex-convict levied on him.

Burke, elected to the council last fall on the reform ticket, told how under the name of Benjamin H. Tripp, he carried on a career of crime in New York and Boston that finally landed him in the Massachusetts state prison for a long term. When released, he said, he came to Philadelphia and ever since had been honest. A prison associate, recognizing him, Burke said, forced him to pay for silence until both his money and nerves were exhausted.

\$10,000 FIRE IN ZIMMERS' GARAGE

Splashing of Gasoline on Tail Light Fills Garage with Flames; Four Autos Burn

MILTON RADTKE IS INJURED

Firemen Prevent Spread of Blaze to Surrounding Buildings; \$5,000 Insurance

A \$10,000 fire, resulting in the destruction of two automobiles and the partial wreck of two other cars together with some damage to the building and its contents, broke out at the La Crosse Motor Car company garage, 127 North Third street, at 8:50 last night and for about half an hour raged fiercely, threatening at times to spread to the surrounding buildings. The loss is partially covered by \$5,000 insurance. The prompt action of Central fire department prevented the flames from gaining a foothold in more than the front part of the garage. The fire was caused by the splashing of gasoline on the tail light of C. M. Moore's auto when the tank of the machine was being filled, and spread with such rapidity that the entire front part of the garage was in flames which shot half way across the street before the department arrived.

Radtke Slightly Burned

Milton Radtke, the employee of the garage who was filling the tank of the Moore car at the time of the accident, was slightly burned on the arm by the blazing gasoline. There were seven men in the garage when the fire broke out but owing to the rapidity with which the flames spread, they were unable to save a single automobile.

The fire started within a few feet of the door of the garage when Radtke was filling the gasoline tank on the back end of Mr. Moore's auto. According to Mr. Moore, who was standing nearby, Radtke was pouring gasoline into the auto tank from a large can when some of the gasoline splashed over, running down onto the burning tail light which was fastened to the rear axle. There was a flash and the gasoline in the tank was ignited. The dropping of the gasoline can on the floor added fuel to the flames and there was no chance to get near any of the machines. The oil soaked floor carried the fire to the back end of the room very rapidly and one after another the automobiles broke into flames. The fact that the big gasoline tank which supplies the garage is buried under the sidewalk in front of the building precluded the possibility of an explosion.

Loss is \$10,000

J. E. Zimmers, owner of the garage, today estimated the total damage at \$10,000 of which about \$5,000 will fall on the La Crosse Motor Car company. The remainder is borne by the owners of automobiles that were in the garage.

C. M. Moore's Oldsmobile, where the fire started, is almost an entire loss, although the engine may be repaired. The car was valued at \$3,000. A \$2,000 Cadillac belonging to Mr. Zimmers was also destroyed. A Buick owned by Mr. Schultz of Madison, was badly damaged and an Overland touring car belonging to A. M. Lickling of Stevens Point, resembled a heap of junk after the fire. The cars belonging to the two tourists were fully insured.

There were several other cars in the garage but they were back in the repair shop which the firemen cut off from the rest of the garage by streams of water. Beyond a slight damage from smoke and water they were not injured.

About \$1,000 damage was done to the building and office fixtures according to Mr. Zimmers today. The work of repairing the building will begin at once.

## COUNCILMAN EXPOSES HIS RECORD TO END BLACKMAIL

PHILADELPHIA, Aug. 16.—Friends today were rallying to the support of Councilman William Burke, who resigned his office and publicly told of his former life as a convict, because, he said, he could no longer stand for the blackmail an ex-convict levied on him.

Burke, elected to the council last fall on the reform ticket, told how under the name of Benjamin H. A prison associate, recognizing him, Burke said, forced him to pay for silence until both his money and nerves were exhausted.

## DARROW SPEECH ENDS IN TEARS

Plea for Acquittal Brought to Close with Defendant, Jury and Court Weeping

## END CASE TODAY IS PLAN

Final Argument of Prosecution to Close This Afternoon and Charges Go to Jury

LOS ANGELES, Cal., Aug. 16.—Dropping a hint that some action might be taken against Lecompte Davis, who was associated with Clarence S. Darrow in the defense of the McNamara brothers, District Attorney John D. Fredericks today resumed his closing argument for the state in the Darrow bribe trial. Another packed court room greeted the prosecutor and the bailiffs with difficulty kept order in the corridors of the hall of records, where hundreds who had been unable to get into the court room proper, were gathered.

The fate of Clarence S. Darrow will rest with the jury by nightfall.

John D. Fredericks, district attorney, when court opened today, resumed the final argument for the state which will close the pleas of counsel for both sides. After that it only remains for Judge Hutton to deliver his charge to the jury.

After the dramatic effort of Darrow which held the jury and spectators hanging on his every word, Captain Fredericks found some difficulty in catching the attention of the crowd in the court room when he opened the state's final plea. He referred to Darrow's argument as one of the most marvelous orations ever delivered in a court room, but he declared that Darrow's insidious hand entered into the bribery from the very beginning of the McNamara case—bribery is in his very nature.

The district attorney during his whole address kept away from oratorical flights, confining his remarks to a careful, solid analysis of the evidence presented.

Court Room Weeps

Darrow today had recovered his composure which he seemed to have lost during the peroration of his remarkable address yesterday, when he broke down and wept as he described the difficulties he had to face in settling the McNamara case and saving the lives of his clients. Most of the spectators and jurors cried with the lawyer-defendant. One of the most remarkable utterances of Darrow's address was: "The crowd—in a way I love them; in a way I despise them. I know the unreasonable, unthinking mass. I have been their idol and I have gone down into the depth of the valley, and heard them hiss my name—this same mob. But I have summoned such devotion and such courage as God has given me, and I have gone my path."

The time allotted to Fredericks for his argument will expire at five o'clock this afternoon, but it is not known whether he will conclude before that hour.

## WEATHER

For La Crosse and vicinity: Showers tonight and probably Saturday; somewhat warmer tonight.

For Wisconsin: Local showers tonight or Saturday; warmer tonight and east portion Saturday.

For Minnesota: Showers tonight or Saturday; warmer tonight east portion.

For Iowa: Showers tonight and Saturday.

## WEATHER NOTES

Fair and cool weather prevails east of the Mississippi valley, cloudy weather with local rain in the plains states, and generally fair weather west of the rocky mountains. The pressure is highest over the lake region. The western low has spread eastward into the plains states. This low will cause unsettled weather in this section tonight and Saturday, with showers. The temperature will be somewhat higher tonight.

### PORTUGAL REVOLT FOR KING FAILS

Royalists Mistook Temper of People and Army and Were Easily Defeated

LISBON, Aug. 16.—The latest invasion and attempted revolution in Portugal—the fourth since King Manuel was deposed, and the most costly and best organized—has failed because its leaders didn't understand their own countrymen.

The royalists, knowing, as everybody does, that the peasantry in the north are not republicans, came to the conclusion that they must be staunch royalists. In addition, Captain Paiva Goureiro believed that he had only to be seen and the army would follow him. In both cases they were mistaken.

The peasants in the north are quite ignorant, and scarcely understand the difference between the monarchy and the republic. If the local squires had asked them to fight for the monarchy they might have done so, but the local squires, with a few exceptions, are far too cautious.

After several months of careful preparation, the royalists believed that they had the best possible chances of success. On the same day and almost at the same hour, several villages in the north rose against the republican authorities and hoisted, or tried to hoist, the monarchial flag, and from several places across the Spanish frontier there came groups of royalists armed with rifles, machine guns and artillery.

Simultaneously at Fafe, Cabreira di Busto, Calorico di Busto, and Vinhas Azolia the peasantry revolted, while the royalists entered the country by way of Valencia, Montalegra and elsewhere. The result was pitiful. The rising of the peasantry was quickly suppressed everywhere. The royalist invaders were defeated at Valencia and at Chaves after a few hours fighting, and again fled to Spain, leaving behind their guns and ammunition.

The wonderful prestige of Captain Goureiro proved a delusion. The republican troops were neither to be cajoled nor frightened. They jumped into the fray as if it was a real pleasure.

The past months' history seems to demonstrate that the monarchy cannot be re-established.

### TO ARMOR AVIATOR

U. S. GOVERNMENT PLANS TO HAVE SIGNAL CORPS MEN WEAR BULLET-PROOF UNIFORMS

WASHINGTON, Aug. 16.—Uniforms of bullet-proof cloth, such as has recently been invented in Japan, will probably be prescribed by the army authorities for the corps of aviation. It is learned at the war department. The circumstance which will bring about this order was the recent wounding of an Italian flying scout who was struck high in the hair by an Arab bullet while over Tripoli.

Capt. Monte is the name of the Italian officer who thus gained the distinction of being the first aviator to be wounded by a rifle bullet. He was badly wounded, but gripped control of his senses and piloted his fragile monoplane back to his own camp, landing safely and delivering to his commanding officer valuable information of the enemy which he had gained on his flight. His machine was hit four times by the enemy's "duck-hunters."

Capt. Monte also succeeded in dropping some damaging bombs in the Arab ranks.

His experience, however, has demonstrated to army scientists studying the needs of military aeroplane, the necessity of better protection for pilots against rifle fire from the ground. It is probable that in the near future the aviator's seat in all army aeroplanes will be protected with light armor from firing from beneath. There will also be an investigation of the bullet-proof clothing recently brought out in Japan with the idea of adopting some such sort of uniform for the members of the signal corps.

### HARDER TO WED THAN GET DIVORCE

GENEVA, Aug. 16.—It is more difficult to get married in Switzerland than it is to get divorced, and profiting by the fact that it only costs about ten dollars to secure a dissolution of the marriage tie, Swiss couples have placed their country an easy first in the divorce statistics of Europe.

Last year the proportion of divorces in Switzerland was 43 per 100,000 of the population. France comes second with 33 per 100,000; Denmark third with 27; Germany fourth with 21; and other countries in the following order: Great Britain, 17; Norway, 15; Holland and Belgium, 14 each; Sweden, 10; Austria, 3; and Finland, 6.

### URGES FREE LOANS

CRANK WRITES U. S. TREASURER PROPOSING GOVERNMENT LOANS ON DEMAND TO PEOPLE

WASHINGTON, Aug. 16.—When United States Treasurer Lee McClung has nothing else on his mind he can find time for official diversion by answering letters from cranks. Every now and then some one springs a new idea whereby the people of the United States may have plenty of money without skimping or worrying about small change.

Recently McClung got a letter from a western man who had a proposition which if worked out would enable every person in the country to borrow all the money he wanted at any time from the public funds "not otherwise appropriated," as the statesmen say. The beauty of this plan was that nobody would have to bother the pesky banks and any old kind of collateral would do. The effect on the government wasn't specifically described in the letter.

Another letter from a gentleman modestly describing himself as "the King of America," demanded that the treasurer call in all the money in circulation. The purpose of the writer wasn't quite clear. This letter first went to the office of the secretary of the treasury but wound up in McClung's office and the general treasurer had to reply to it formally.

Then again McClung is kept busy with letter writers who want Confederate and other worthless kinds of money redeemed. Quite frequently a consignment of "shin plasters" finds its way to him. There is a premium on some of the obsolete varieties of "shin plasters," but other varieties are practically worthless. The premium exists merely because there is a demand for this old paper by certain collectors and numismatists.

### SUICIDE A LA HECTOR

BUDAPEST, Aug. 15.—Johann Balogh of Kossuthfaiva, Hungary, a young lovesick peasant, has broken new grounds in the way of unique methods of committing suicide, by trying a variation of the Achilles-Hector stunt at Troy. He harnessed a pair of horses to a cart and tied his ankles to the tailboard. He then whipped the horses into a furious gallop. Balogh's head was battered to pieces.

### DON'T FEAR SOLONS

OFFICERS OF GOVERNMENTAL DEPARTMENTS HAVE RECOVERED FROM FEAR OF STATESMEN

WASHINGTON, Aug. 16.—"Officers of the government departments stand in less fear of congressmen and senators than they used to," observed the private secretary of a cabinet officer lately.

"It was not so long ago that a congressman coming into a department and approaching a chief of a bureau looked like an awful big man. Lots of times he didn't need to come at all to get what he wanted. He'd just sit at the telephone in his office and call up the head of the bureau. When the government employe found out that a congressman was at the other end of the wire there would be a great commotion. The chief and his assistants would work themselves into a paroxysm of energy to get the statesman anything he wanted. If he wanted a star route established by the post-office department, he got it. If he wanted a constituent transferred, he got it. If it was impossible to accede to his demands profuse apologies and promises were offered in lieu thereof.

"But now it's different. If a congressman wants something he puts his application in in the regular order. Nobody tears the office upside down if he approaches. He waits just as long for an interview as anyone else, gets the same treatment and no distinction is made. Government clerks have got wise to the fact that a congressman is not such a gigantic proposition after all.

### CITIZEN ARRESTS COP

HAMBURG, Aug. 16.—Unable to resist the attractions of succulent sausage a policeman poked his sabre through a partly opened store window and impaled the tempting morsel. He had barely commenced to devour it when he was approached by a civilian who had been watching his exploit, and who ordered him to follow to the police station. The situation was too much for even a German policeman and after vainly pleading for mercy, he meekly followed his captor and was duly arrested. He is now awaiting trial for larceny.

Money may not bring happiness, but every man on earth would like to try the experiment for himself.

### The Kind You Have Always Bought.

THIS is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Chas. H. Fletcher for over 30 years—the genuine Castoria. We respectfully call the attention of fathers and mothers when purchasing Castoria to see that the wrapper bears his signature in black. When the wrapper is removed the same signature appears on both sides of the bottle in red. Parents who have used Castoria for their little ones in the past years need no warning against counterfeits and imitations, but our present duty is to call the attention of the younger generation to the great danger of introducing into their families spurious medicines. It is to be regretted that there are people who are now engaged in the nefarious business of putting up and selling all sorts of substitutes, or what should more properly be termed counterfeits, for medicinal preparations not only for adults, but worse yet, for children's medicines. It therefore devolves on the mother to scrutinize closely what she gives her child. Adults can do that for themselves, but the child has to rely on the mother's watchfulness. Genuine Castoria always bears the signature of *Chas. H. Fletcher*.

The "bad" children, in the light of these Chicago researches, is a monstrous indictment of society for its neglect of the common good.

## THIS QUOTATION WAS MISLEADING

Recently The Tribune was criticised by the publisher of a prominent state paper for having come to the support of Theodore Roosevelt and the third party. As The Tribune emphatically had not done so, the criticism was something of a mystery until later it was learned that Collier's Weekly had furnished the damning information. Investigation showed that in a page of paragraphs quoted from various newspapers Collier's had quoted The Tribune as follows:

"Of the two men who engaged in this fight, Roosevelt enjoyed the greater popularity. He might have been elected President. That Taft cannot be conceded by many who helped force his nomination. Yet these men said to the progressive republicans: 'You must swallow Taft and wreck the party.' If the great mass of republicans who have been in the fight for truly representative government take the bosses at their word, the wreck will be upon the heads of those who in the interest of minority rule have pulled the pillars from beneath the temple."

We do not presume Collier's meant to be unfair, but it gave an inference that was positively wrong, and had its purpose been to deceive it could not have more adroitly selected its quotation. Taken as a whole the editorial could hardly have been construed as favorable to Mr. Roosevelt, for it declared emphatically that both the colonel and the president had deliberately instituted dishonest contests. No one who is a reader of The Tribune could have been misled by the article, nor do we believe that the editor of Collier's was entirely mistaken as to its real intent.

From the interviews with J. P. Morgan published from time to time we gather that he must be some conversationalist. It reminds us of the days when James J. Jeffries occasionally gave out an interview in person.

How would it be to abolish all the tariffs for revenue, and adopt the Russian plan, instead, of fining everybody who criticises the government?

The occasional visitor to New York would just as soon take a chance with the criminal element as with the police.

A woman voter in Washington fainted when she was asked her age. Voting is really a serious proposition.

A Mexican, it is claimed, has just died at the age of 185. He probably got tired of waiting for peace.

## WHITE GRUBS DESTRUCTIVE

Many complaints of extreme damage to corn fields and potato crops by the white grubs have been received by Prof. Sanders of the College of Agriculture of the University of Wisconsin. Little can be done at this time to remedy conditions. White grub control is largely preventive; and precautions must be taken before crops are planted to insure freedom from their injuries.

Never plant corn where grass has grown for several years, especially on spring plowing. Fall plow and cultivate, thoroughly, late in the season, when the grubs will be exposed to freezing. Summer fallowing of a field is the surest control method but not always convenient to practice.

## SPRAY FOR APPLE WORM

Apple growers especially in the northern sections should spray their trees immediately for the second brood of the apple worms or codling moths which will soon begin their destructive work. They are rather scarce now in the southern part of the state according to Prof. Sanders of the College of Agriculture of the University of Wisconsin, but some are still active and able to lay about 150 eggs each so it behooves orchard men even in the southern parts to take preventive measures. Arsenate of lead at the rate of 3 pounds in 50 gallons of water is the best strength and will give better results than paris green because it is not washed off so readily by rains.

## NOT MRS. BOGGESS

KANSAS CITY, Mo., Aug. 16.—Another false clue in the search for Mrs. Ethel Keating Boggess was unearthed yesterday afternoon when the police of Independence, Mo., detained a woman whom they believed to be the missing wife of Dr. John S. Boggess. Dr. Boggess' attorney and women friends of the family, went to Independence, but declared the woman was not Mrs. Boggess.

## KILL CULBERTSON ACT

WASHINGTON, Aug. 16.—Senator Culbertson of Texas was unsuccessful yesterday in an attempt to have the senate consider his resolution to prohibit corporations from making campaign contributions. He gave notice that he would renew his request later.

### Let Her Vote

If you think she knows as much As the steerage Turk and such, Let her vote.  
If you think she has a mind Equal to the steerage kind, Let her vote.  
If you think she's earned the right, That you grant without a fight To the foreign damsel, Let her vote.

If you think she is as good As the burglar brotherhood, Let her vote.  
If she's more deserving than Any bum or holdup man, Let her vote.  
You do not bar out the thug Or the anarchistic bug, Or the gin mill ugly mug, Let her vote.

If you think that she is just And is worthy of the trust, Let her vote.  
If you think her heart beats true, For the right, it's up to you— Let her vote.  
If you think she earns her way, Don't be stingy with the pay. Let her have her little say— Let her vote.

### True Worth

Visitor: "I came all the way from the city to consult your lawyer Jones here. He's a good man, isn't he?"  
Uncle Eben: "Nope; we don't consider him one, two, three, with Smith. Why Smith's been intrusted with the local agency of the Knott Knitting Needle, the dispensing of Daggett's Drugless dope, and the demonstration of Fasset's Fireless Cooker. That not only shows that he's got the confidence of such big fellows as them, but he don't have to depend on his law hardly at all to make a living."—Lippincott's Magazine.

### A Natural Misunderstanding

The earnest lecturer raised his voice and spoke with special emphasis.  
"I want to tell you, ladies and gentlemen," he said, "that Robert Burns' poetry—"  
He was interrupted by a man in the audience, an editor whom he had roused from a doze.  
"Good for Robert!" cried this man enthusiastically.

### The Squire Explained

We were sitting around the red-hot stove in the lobby of the village tavern, and just when a silence had fallen upon the group one man turned to another and asked:  
"Squar' Perkins, if you don't mind, I'd like to ask you a question."  
The squire didn't say whether he minded or not, but the other went ahead with:  
"It's about this 'ere high cost of living. Have you figured out what's the reason for it?"  
"I have," was the answer.  
"Then I'd like to hear it."  
"Did you raise any wheat, corn or oats last year?"  
"Noap."  
"Any potatoes, beets or carrots?"  
"Noap."  
"Any tomatoes, cucumbers or onions?"  
"Noap."  
"Didn't raise nothing whatever to eat?"  
"Guess I didn't."  
"Just ate all you could of what other folks raised?"  
"Looks that way."  
"And sat around and let your wife take in washing and support you?"  
"Why, she likes to wash."  
"Well, I've answered your question. You and a hundred thousand lazy loafers like you boosted the cost of living!"

I expected to see a row follow, but none came. There was a minute of suspense and then the questioner yawned and stretched and exclaimed:  
"Well, by thunder! I've been puzzling over that matter for more'n a year and here you have solved it in three minutes!"—Detroit News-Tribune.

### MEAT OFTEN TENDS TO MAKE WOMEN PALE AND WEAK

They Neglect Their Bowels and the Poisons Vitiates the Blood

Hot weather has a very weakening effect on women. They become too languid to exercise and have appetite for light, tasty foods, like salads and other cold concoctions, which do not digest readily and tend to increase their natural tendency to constipation.

At this season women, especially, need all their strength to resist the enervating effect of the heat. Good digestion and regularity of the bowels are essential. Some fruits have laxative properties, but they are uncertain in their effect, and are not generally advised. A mild bowel stimulant and digestant, such as Dr. Caldwell's Syrup Pepsin, is preferable because it is certain in its effect, natural in its action, and wholly safe. Take a dose of Syrup Pepsin at night and by morning the sick headache and indigestion will be gone.

Dr. Caldwell's Syrup Pepsin is sold in drug stores everywhere, and costs fifty cents a bottle; a larger size, intended for family use, costs one dollar. If you have never used Syrup Pepsin and would like a free trial bottle, postpaid, write to Dr. W. B. Caldwell, 406 Washington St., Monticello, Illinois.

### LET COTTON ACT DIE.

WASHINGTON, Aug. 16.—To "kill" the cotton bill unless the senate follows the house in passing the wool and steel bills over President Taft's veto was decided upon yesterday by house leaders. It is planned to avoid sending it to President Taft for a certain veto, by letting it die in the house ways and means committee.

### GOODWIN HURT ON DARE

LOS ANGELES, Cal., Aug. 16.—Nat Goodwin, comedian, had entirely recovered today from injuries he sustained when thrown from a boat off Rocky Point, twenty miles north of Santa Monica. Goodwin's boat capsized in the surf when he accepted a dare of a young woman in the party. She dared him to take a note ashore for her, and in spite of the protests of the captain and other members of the party Goodwin made the attempt. He was unconscious when rescued.

## Stop Baby's Skin From Chafing

Your baby will not chafe if you powder its tender, delicate skin with this wonderful, new discovery—the powder that won't rub off—but "lays" to the skin in a smooth, velvety film.

Not a talcum powder—contains no talc—no grit—no acids.

Because KUCO No-Chafe Powder does not rub off—it protects baby's skin from scalding chafe and all irritation by the garments.

The only powder that stays on the skin—and so not only prevents chafing, but keeps the acids of the urine from penetrating the delicate skin and torturing baby to agony. Based on a principle used in leading maternity hospitals and by advanced obstetricians.

Talcums and ordinary toilet powders rub off at the slightest touch—and are immediately obliterated by moisture.

Kuco is baby's only powder that stays where you put it—a protecting, but almost invisible film that keeps baby's skin dry and comfortable. Prevents all friction between the skin and the diaper.

Kuco relieves and prevents prickly heat—soothes and shields baby from head to foot. Kuco is baby's only perfect toilet powder—a truly marvelous discovery.

Sold by all good druggists, at 25c a box, with revolving offer.

National Association Elects Pennsylvania Man to Presidency at Close of Meet

MILWAUKEE, Wis., Aug. 16.—Henry W. Merritt of Plain, Pa., was today elected president of the National Association of Retail Druggists in the closing of the fifteenth annual convention here. Other officers elected were Sol A. Eckstein of Milwaukee, first vice president; M. W. Rietzke, St. Paul, second vice president; H. S. Kuebles, Pella, Iowa, third vice president; Thomas H. Potts, Chicago, secretary, and Grant Stephens, Detroit, treasurer.

The delegates today voted to request amendment of the Sherman anti-trust law legalizing combinations between retail dealers who seek protection by establishing fixed prices on proprietary commodities.

An endorsement of the Bourne parcels post bill and the Richardson bill relating to control of labeling and advertisement of patent medicines and a denunciation of the Owen bill providing for a national bureau of health in its present form was action taken by the delegates.

# BROTHER AND SISTER MARRIED TOGETHER

Brother and sister were the principals in a double wedding at Minneapolis yesterday. Miss Clara Ruud being married to Conrad Severson, while Nels Ruud, brother of Miss Clara Ruud, was married to Miss Lena Skaug of Minneapolis. Miss Ruud and Mr. Severson are both well known north side people while Nels Ruud also is well known in the city.

# HELEN KELLER DEMONSTRATES

BOSTON, Mass., Aug. 16.—The unusual spectacle of a woman deaf, dumb and blind for years, singing and talking, was witnessed today by ear experts from all parts of the world, when Miss Helen Keller, who recovered the use of her voice several years ago, appeared before the Otological congress at the Harvard Medical school. It was her first appearance without an interpreter.

Miss Keller's voice is low, but her enunciation is remarkable. She gave but a short performance, her voice being easily strained.

# Thoughtful John Chinaman.

"The virtues of a Chinese laundryman never have been half told," said the woman. "Not of my laundryman, anyhow. He is such a motherly old soul. The other day he brought my handkerchiefs home folded in two different ways, some squared, some cat-cornered."

"Why the different styles in ironing?" I asked.

"John pointed to the stack of cat-cornered handkerchiefs. 'These holes,' he said. Then to the square pile, 'These good. In big bulky, not gettee mix and go out with holey handkerchief.' 'Kind old John. His idea was all right, but doesn't keep me from getting mixed, for I can never remember which shape means holey and which means whole, so I am likely to disgrace myself with a holey handkerchief after all.'"

# Matter of Supply.

The witness testified that he had been knocked down by a motor-car and that the chauffeur, who was joy riding, had given no warning of his approach. "Do you mean," asked the judge, "that he didn't have a horn?" "No, your honor," replied the witness. "I think he'd had too many."

# TAFT'S NAMING AGAIN ASSAILED

Washington Progressive Dissects Chicago Convention on Floor of the House

WASHINGTON, Aug. 16.—President Taft's renomination at Chicago was again dissected in the house today—this time by Representative Warburton, progressive republican from Washington. He scored Representatives Mondell of Montana and Bartholdt of Missouri, for their recent speeches defending the regularity of Taft's nomination. "Their speeches show how utterly unfit and unqualified both were to act as judges in the contest at Chicago between Taft and Roosevelt," said Warburton. "They were grossly partisan."

Analyzing in detail the choosing of Washington delegates to the convention, Warburton said the Roosevelt delegates to the state convention were denied tickets of admission and arbitrarily excluded from the hall. He ridiculed Bartholdt for stating that he had a "front seat" in the national committee and listened attentively to all contests.

"I am afraid he was a good deal like 'Bosses' Penrose and Barnes," said Warburton. "About thirty or thirty-five sat on front seats and only heard such testimony as they desired to hear. They sat on front seats, and listened and listened and listened, and in the end remembered only what the bosses wished to have them remember."

# LORD DEFENDS SHIP

LIVERPOOL, Aug. 16.—In the hope of showing that an injustice has been done him by accusations that he disregarded distress signals from the sinking Titanic, Captain Lord of the steamship California gave out a public explanation today of all that happened aboard his boat on the night of the disaster.

"The evidence is conclusive," he says, "that no responsible officer of the California was aware that there had been such a calamity."

"Had the Californian been the steamship seen by those on the Titanic, it would also have been sighted by the Carpathia."

"It is unthinkable that any seaman would wilfully disregard what he knew to be distress signals."

Wednesday evening in honor of her birthday. The evening was spent in dancing and singing. Covers were laid for thirty. She was presented with a beautiful jewelry case as a remembrance of her friends.

Jeffers Wheeler of Wabasha, is visiting at the home of Mr. and Mrs. S. Wheeler, 400 Mill street.

# Advanced.

Mrs. Willis—Is she advanced? Mrs. Gillis—Frightfully so. She is the suffragette leader of a new religious sect in a Socialistic community, where they talk nothing but universal language.

You have to broil a beefsteak,  
You have to boil a ham,  
You have to fry a whitefish  
And roast a leg of lamb.  
But when a package of Post Toasties  
Is lying on the shelf,  
No fry, no broil, no roast, no boil,  
Just go and help yourself.

**NICHOLAS TO FIGHT**  
KING OF MONTENEGRO BELIEVED TO BE ABOUT TO TAKE NORTHERN ALBANIA FROM TURKEY

VIENNA, Aug. 16.—Though King Nicholas engaged to settle Montenegro's frontier troubles with Turkey by a joint commission, messages from Cetinje today say his majesty shows every indication of an intention to fight. He is making preparations as fast as possible and seems entirely indifferent to the fact that there is skirmishing every day between his own and the Turkish frontier guards. It is considered certain that Nicholas thinks the time ripe peace commission cannot materialize while fighting continues.

## POSAM CURES HOT WEATHER SKIN TROUBLES

All skin troubles prevalent in hot weather—rashes, inflammation, so-called "summer" eczema, itching spots, hives, pimples, etc., demand the use of Poslam for their prompt eradication.

Itching stops at once; burning skin is soothed and comforted.

For clearing the complexion, red or inflamed noses, curing sunburn, taking soreness out of mosquito bites, stings, burns, etc., Poslam should be used in preference to aught else. Surprising are the results after one application.

In so quickly driving away these troubles, Poslam gives evidence of the wonderful healing power by which it cures eczema and all virulent skin diseases.

POSAM SOAP, used daily for toilet and bath, will keep the skin in healthy condition and improve its color and texture. It offers the healing medication of Poslam in a form particularly beneficial for tender skin.

Chas. A. Beyschlag, C. N. Euler, Heber & Co., and all druggists sell Poslam (price, 50 cents) and Poslam Soap (price, 25 cents). For free samples write to the Emergency Laboratories, 32 West 25th Street, New York City.

## DRIVE OUT "SCABS"

STRIKE BREAKING DOCK WORKERS ARE BEATEN AND CHASED FROM CITY BY BRITISH UNIONISTS

LONDON, Aug. 16.—Three hundred strike-breaking dock workers were driven from the Tilbury docks today after a terrific fight with strike sympathizers in which dozens were injured. To save the vanquished non-unionists' lives they were tumbled helter-skelter aboard a train which happened to be waiting with steam up at Tilbury station and rushed to London.

The docks at Tilbury on the left bank of the Thames, just opposite Gravesend, are among the largest in the world and special efforts have been made by the employees to prevent work on them being interfered with by the strike.

The strikers gathered so quickly that police reinforcements could not be rushed to the scene fast enough and by the time they arrived the fight, waged with clubs, stones and knuckles, was over.

## AMES IS TO PITCH AGAINST LAVENDER

CHICAGO, Aug. 16.—Ames, it was believed, would be the choice today of Manager McGraw of the humped Giants following New York's defeat at the hands of the slugging Cubs yesterday afternoon. Lavender was almost certain to be Chance's choice for mound work.

Chicago fans today declared that yesterday's victory will mean the pennant for Chicago. They say the Cubs have lost their awe of the league leaders and that Marquard will never be effective against the Cubs again.

"Don't you believe it," said Manager McGraw, when told of this attitude. "We never were quitters, and watch what we do to this bunch this afternoon."

Chance smiled broadly, refused to comment, beyond the statement that Lavender probably would work in this afternoon's pastime.

## CARDINAL HITS FASHIONS

ROME, Aug. 16.—The narrow skirt has just been put under the ban by Cardinal Cavallari, patriarch of Venice and successor in that position to Pope Pius X. Along with the narrow skirt he has also decreed against practically every expression of feminine fashion from the short sleeves down through the list of peek-a-boo waists, low necked blouses, hobble skirts, mystic maze stockings and scanty attire in general.

**Why We Are Right-Handed.**  
One of the professors at a well-known agricultural college has figured it out that if you are left-handed it is a sign that your ancestors were not good fighters.

"Most persons are right-handed," says he. "Only one in every twenty is left-handed. Why are people right-handed? They may have been born that way, it is true; but why?"

"Away back in the beginning the chief occupation of man was fighting. In battle he carried a shield in one hand and a weapon in the other. It was not much work to carry the shield, but the quick action required by the hand and arm which did the fighting soon developed that arm. It also developed the nerves and the half of the brain that governed the right side of the body. Those who shielded their left side—thus protecting the heart—were the ones who usually came out victorious. Down through the ages this selection continued, the right hand gradually becoming more proficient."

Mrs. W. G. Moss and daughter, Miss Marion Moss returned yesterday from a six weeks' stay at Manistee, Mich.

## WHITE HOPES LEAD BY BUT TWO GAMES

By defeating the White Hopes 10 to 9 last night in an exciting game, the Cardinals cut down the White Hopes' lead until they are now leading the Cardinals by a margin of but two games. These two teams are fighting for the championship and the Cardinals' victory last night makes the race a hot one.

The game last evening was called in the fifth inning on account of darkness with the Cardinals leading by one run, the play being fast up to the last round. Hoef, on the slab for the Cardinals, and Youngberg, who did the pitching for the White Hopes, both twirled excellent games.

## MILLARD DRIVES THREE VICTORIES

In spite of the fact that they were handicapped by a heavy track, Alexander, President Jr., and Alice McGregor, three local horses, won the 2:16, the 2:30 and the 2:23 trots at Hillsboro yesterday. Alexander won the 2:16 trot in 2:18 while Alice McGregor came in first in the 2:23 trot in 2:22 1/4. Time was not taken on the 2:30 trot which President Jr., won. W. N. Millard of this city drove the horses. The racers will be sent to Galesville next week to compete there.

## MANURE VALUE VARIES

HEAVY SOILS DO BEST WITH FRESH FERTILIZER BUT IT SHOULD BE ROTTED FOR SAND

The form in which manure should be applied is determined largely by the soil on which it is to be used. On heavy soils containing large amounts of clay, more benefit will be derived from fresh manures than from those that are well rotted. The fresh manure warms these cold soils, makes them more porous, and the fermentations that take place during decay tend to make the soil more mellow.

On light or sandy soils, on the other hand, those manures that are well rotted will be found most beneficial. Such soils are likely to suffer from the drying and heating effect of raw, coarse manure, and to have their porosity increased to an undesirable extent. Moderate quantities of fresh manure are not seriously injurious to these soils, but when large quantities are applied, it is much safer to have the manure well rotted. It will then improve the mechanical condition of the soil and increase its water retaining power.

It should be remembered that from 1 1/2 to 2 tons of fresh manure is necessary to produce one ton of well rotted manure; but when rotting is done without leaching, only organic matter is lost, not to potash or phosphoric acid.

Fresh manure has a forcing effect and tends to produce stems and leaves at the expense of fruit and grain. It is therefore better for early garden truck, grasses, and forage plants than for cereals or fruits. Corn is usually benefited by liberal applications of fresh manure. In fact it may be said, "When in doubt as to where to apply manure, use it on corn." It is claimed that fresh manure is injurious to sugar beets and tobacco, producing a large beet of low sugar content and a coarse and undesirable tobacco leaf. Experiments with fresh manure at the New York State Experiment station have given beets of high sugar content, without rank leaf growth, results at variance with those of European quantities is likely to cause lodging with the small grains, such as barley, oats and wheat. Climate and soil are probably very important factors in determining what will be the comparative results with the two kinds of manure.

Instead of using the manure directly on the small grains, it is good practice where corn is grown, to apply it liberally to that crop, and plant the field to the smaller grains the following year. When this is done the danger from rank growth is minimized.

## FRENCH ARE SKEPTICAL.

PARIS, Aug. 16.—French aviators said today that it will take ocular evidence to convince them that a device has been discovered in Germany, as asserted in the Tagliche Rundschau, which enables an aeroplane to remain stationary in the air indefinitely. They think such a thing practically impossible. Lieut. Scott, the American aviator, is the hero of the French aviating world today for his two victories in the bomb dropping contests at Mourmelon. He won prizes worth \$15,000.

## WOLGAST SPLITS WITH MANAGER

CADILLAC, Mich., Aug. 16.—That the signing of articles between Emil Thiry, manager of Packey McFarland, and Ad Wolgast, champion lightweight, for a ten round no decision bout on Oct. 27 in New York will mean a break between the champion and his manager Tom Jones, is today believed to be certain.

Wolgast, who conferred with Thiry five hours last night before a satisfactory agreement was reached, did not consult Jones about the fight in any particular. Jones is in California and it is expected that he will hurry east at the first opportunity for a reckoning with Wolgast.

## SOLON MUST EXPLAIN

CONGRESSMAN ALLEGED TO HAVE REVEALED SECRET INFORMATION IN RAY CASE TOLD HIM BY TAFT

WASHINGTON, Aug. 16.—If the house committee, which has been probing the so-called Major Ray scandal, insists on pressing contempt charges against Secretary of War Stimson for refusing to produce the "missing papers," a certain congressman may have to defend himself of the charge of breach of confidence in revealing private information furnished him by President Taft. The congressman, it was said, was told by Taft there were certain phases of the Ray case which could probably be investigated, but that for the protection of a woman's good name, other features of the scandal should be suppressed. The member, it is alleged, immediately broke faith and aired the information he thus obtained.

## GOPHER EDITOR'S TROUBLES MANY

E. L. Osgard, editor of the Springfield (Minn.) Herald, appeared in county court this morning with one eye closed and a pitiful tale of an attack made upon him by two La Crosse men last night. He demanded a warrant for their arrest. According to Osgard's story the two men, Joseph Serres and Walter Sigle, escorted him to the American house at about 1 o'clock last night and upon reaching his destination he was floored by a blow from one of the men.

The defendants however assert that they found him sleeping on the sidewalk on South Third street and upon learning where he was staying took him to the hotel, whereupon he started to kick them.

Osgard today said that he is undecided as to whether he should swear out a warrant for the arrest of a patrolman who jested at the expense of his damaged optic this morning.

## CAPTURE COUNTERFEITERS

WASHINGTON, Aug. 16.—Secret service officials here heard this afternoon of the capture of a band of five expert counterfeiters in and around Chattanooga, Tenn. William and Jeff Hollis, J. L. Case, Sam Smith and R. C. Lawing. The men were captured one by one by Operative E. P. McAdams, working single handed. They are said to have manufactured and circulated thousands of bogus dollar coins.

## LEGG EQUALS RECORD

MINNEAPOLIS, Minn., Aug. 16.—Equaling the course record of 70, made by himself two years ago, Harry G. Legg, Minneapolis, thrice champion of the Trans-Mississippi was eight up on Chambers, Anaha, at the end of the morning round of the semi-finals of the trans-Mississippi golf tournament today. W. D. Middleton, Davenport, Iowa, was two up on G. F. Paine, St. Louis.

## SOLDIERS ARE BROKE

WASHINGTON, Aug. 16.—Representative Taggart (Dem., Kas.) today filed a vigorous kick with the paymaster general of the army, declaring soldiers at Fort Leavenworth are "dead broke." Appeals from financially stranded soldiers were received by Taggart. Failure of congress to pass the supply bill is the cause.

## U. S. CAVALRY HERE

The Sixth United States cavalry of Fort Des Moines arrived here from Camp Bruce E. McCoy this morning enroute to Fort Des Moines. This regiment, which consists of about 700 men, has been taking part in the maneuvers at Sparta during the last two months.

## CON MAN HELD

## BOND REFUSES TO STAND THE GAFF

Quits the Nebraska State League Team Following Salary Cutting Policy

## TEAM IS NEARLY KIDNAPPED

Farmers Try to Nab Players for Harvest Hands; Konetchy to Play Here

Carl Bond, manager of the late lamented Outcasts, returned last night from Superior, Neb., where he went after the obsequies of the "Minn" league to help pull a forlorn hope out of the hole.

Mr. Bond stopped enroute for a visit at his home, Bloomfield, Iowa, and also stopped over in Chicago to see the Cubs trim the Giants.

Despairing of winning the pennant of the Nebraska State league, the directors of the Superior team inaugurated a policy of salary cutting not satisfactory to Mr. Bond, who confessed to a desire to get back home anyway. His refusal to "stand the gaff," although he was one of the highest paid men in the league, was followed by reconsideration on the part of the management, but Carl already had his release in his inside pocket and refused to give it up.

Weight and Minert and refused to give it up. Weight, Minert and Lizette are still with the club, which was at the bottom of the percentage column with 267 when the La Crosse contingent arrived, and which won over half the succeeding games. Weight and Minert are playing fast fielding games, but are off on their hitting.

An attempt to kidnap the entire team at Hastings, Neb., was an interesting experience of the season. Nebraska has a bumper wheat crop, and farmers are crying for harvest hands. At Hastings a crowd of them tried to hire the entire Superior club at \$3.50 per day, and showed a disposition not to take "no" for an answer.

Mr. Bond plans a fishing trip, after which he expects to make a business engagement, which will keep him in the city permanently. His baseball plans include bringing the St. Louis Cardinals, with Konetchy, of course, to La Crosse again this fall for an outing and a few exhibition games on the way up, including two games in La Crosse.

## JOHN WEIS, OLD RESIDENT, CALLED

John George Weis, for many years a resident of La Crosse, died at his home at 624 South Eighth street at 5:30 o'clock yesterday afternoon.

Mr. Weis was 84 years old, having been born in Aschaffenburg, Bayern, Germany, on March 16, 1828. He came to La Crosse about fifty years ago. On July 22, 1865, he was married to Katherine Duerrwaeher in this city.

Surviving him are his widow, one daughter, Mrs. Ed. Bauer of Chicago, and four sons, William and Charles of La Crosse, John of St. Paul and Alex. of Clinton, Iowa. The funeral will probably be held on Sunday, but the arrangements have not been definitely made.

## GOODWIN THOUGHT PARALYZED

LOS ANGELES, Aug. 16.—Physicians attending Nat Goodwin, the actor, said today that they feared both his legs were paralyzed. Goodwin was injured in a thrilling accident when a rowboat was capsized and he was hurled by high seas upon the jagged rocks at Rocky Point. He had attempted to go ashore from a launch at the request of his leading woman, Miss Marjorie Moreland, who wanted to send a note to an Indian who lived on the Point. Goodwin was brought to St. Catherine's hospital here and it was found that his spine was badly injured.

## Homesickness Spoils Photographs.

Aunt Maria thought, and so did her relatives in the big city, that the photographer was unparadoxically courteous. For three successive days he refused to take Aunt Maria's photograph. On the fourth day he told why.

"In justice to her," he said, "I do not want to take her pictures now. She is too homesick. Most out-of-town people want to be photographed while in the city. If they are longing for home I put them off with one excuse or another until the homesickness wears off."

"If you want your aunt's pictures to turn out well, just hunt up some one from her home town who happens to be visiting here at present and bring him here so she will meet him unexpectedly. The meeting will put sparkle and animation into her face, and neither she nor I will be disappointed with the photographs."

## Song Bird as "A Noisy Animal."

William Smith of Upper Holloway was summoned to the North London police court a few days ago for "keeping a noisy animal" to the annoyance of his neighbors.

It appears that Smith owns an ill-regulated thrush which starts singing every morning at 3:30 o'clock. Smith weakly pleaded that it was a lovely songster with a nice mellow note.

In order to escape inflexible English justice he had to promise to bottle it up in a back room every morning until a respectable hour or the awakening of the neighborhood.

## PROMOTES DIPLOMATS

PRES. TAFT'S NOMINATIONS TODAY MAKE MANY CHANGES IN FOREIGN REPRESENTATIVES OF U. S.

WASHINGTON, Aug. 16.—Numerous promotions in the diplomatic and consular service and a batch of new appointments were contained in a long list of nominations made today by President Taft.

Among the well known names in the diplomatic service submitted, was that of Craig Wadsworth, the millionaire clubman of New York, formerly second secretary at London. Wadsworth retired from the service owing to ill-health, but will now return as secretary of the legation at Teheran.

Among the diplomatic appointments were the following:

William W. Andrews of Ohio, secretary at Lisbon; Alexander Benson of Pennsylvania, second secretary at Rome; Frederick A. Sterling of Texas, second secretary at St. Petersburg; Frank D. Arnold of Pennsylvania, third secretary at Tokio; Craig Wadsworth of New York, secretary at Teheran, Persia; Fairman R. Furness of Pennsylvania, third secretary at St. Petersburg; Hallett Johnson of New Jersey, third secretary at London.

Among the consular appointments were: Seaton W. Darris, Alliance, Ohio, at Frankfurt; Edwin S. Cunningham, Tennessee, at Singapore; and Will L. Lowrie, Chicago, at Lisbon.

Consuls: John Ball Osborne, of Scranton, Pa., at Havre; Robert Fraser, Jr., Philadelphia, at Malaga, Spain; Lester Maynard, San Francisco, at Amoy, China; Southard P. Warner, Kensington, Md., at Harbin; David R. Burch, Philadelphia, at Bahia, Brazil; Arthur Garrels, of St. Louis, at Alexandria, Egypt; Charles L. Hoover, of Missouri, at Carlsbad; Frederick T. F. Dumont, Lancaster, Pa., at Madrid; Charles A. Holder, Colorado Springs, at Christiana; P. Emerson Taylor, Tekamah, Neb., at Trinidad, West Indies; Samuel Shank, Marion, Ind., at Flume, Austria; Robert J. Thompson, Chicago, at Sheffield, England; Charles B. Perry, Crete, Neb., at Turin, Italy; Nicholas R. Snyder, of Pittsburgh, at Leipzig; William Rodrick Dorsey, Baltimore, at Jerez de la Frontera, Spain; and Henry D. Baker, Chicago, at Nassau, New Providence.

## TAFT VETO GOOD ON SUPPLY BILL

WASHINGTON, Aug. 16.—The house yesterday failed to pass the legislative executive and judicial appropriation bill over the veto of President Taft by a vote of 153 to 107. The defection of seventeen democrats who ignored the appeal of Leader Underwood and other democratic leaders prevented the house from passing the bill containing a clause limiting government employees to seven year terms and abolishing the commerce court. Thirteen insurgent republicans voted on the democratic side.

## CORROBORATES STORY.

BOSTON, Aug. 16.—Warden Bridges of the Charlestown state prison today declared that a man known as Benjamin H. Tripp served a term of seven years and four days in that institution for breaking and entering, and was released in 1904. This corroborates the story of Councilman William Burke of Philadelphia, who resigned his office, claiming that a former fellow convict hounded him until his nerves and money were exhausted.

## G. A. R. TO CELEBRATE BIRTH.

Next Thursday evening the members of the Wilson-Colwell Post, Grand Army of the Republic, will celebrate the thirtieth birthday of the organization. The celebration will be marked by a chicken dinner, served in the old soldiers' room in the court house by the Woman's Relief Corps No. 2. There are now but three charter members of Wilson-Colwell Post remaining in the city: G. M. Woodward, H. K. Vincent and Edward Cronon.

## AFTER "MOVIE" TRUST

GOVERNMENT ASKS THAT THE MOTION PICTURE PATENTS COMPANY BE DISSOLVED AS ILLEGAL

PHILADELPHIA, Pa., Aug. 16.—The federal government opened war upon the "moving picture trust" today by filing a suit in equity for its dissolution in the United States district court. The defendants named by the bill are the Motion Picture Patents company, the General Film company, Biograph company, Thomas A. Edison, Incorporated; Essanay Film company; the Lubin company; Pathe-Freres, Vitagraph company, and thirteen individuals. The court is asked to restrain these persons from exercising an undue monopoly of the moving picture business.

The government bill charges that ten moving picture companies and 13 individuals, by making assignments of their patents to the moving picture patents company on December 18, 1908, entered into an unlawful conspiracy to monopolize the business.

## ATHLETES CHALLENGE THE NELSON TEAM

The Athletics challenge the Nelson Clothing company baseball team to a series of three games for a purse of \$25, the winner to take all. Including the gate receipts. The games are to be played at League park, the first one to be held on Sunday, August 25. In the event that this challenge is refused, the Athletics would like to arrange for a series with the La Crosse Clothing company team.

## EXPRESS CAR ROBBED

ASHEVILLE, N. C., Aug. 16.—When the Southern railway's train No. 13 reached here early today, trainmen found E. F. Carr, the express messenger bound hand and foot and confined in a chest. He said that at Baltimore, three miles away, a lone bandit boarded the express car, covered him with a revolver and after tying him, made off with a package containing \$3,000.

## TAUGHT EXPERTS A LESSON

Accident While Casting Cannon Resulted in Foundation of Present English Gun Factory.

We owe our present arsenal at Woolwich to an accident. The government had a gun foundry in Moorfields, where, upon one occasion, in the year 1716, a distinguished party were gathered together to witness the operation of casting a large cannon.

A young foreigner, named Schlach, who seems to have been almost an entire stranger, but who was well acquainted with the details of casting, noticed that one of the molds had been insufficiently dried, and warned the molders against using it. They disregarded his advice, and when he saw that he could not prevail upon them to desist, he immediately put himself well out of harm's way before the cannon was cast. A terrible explosion occurred when the molten metal rushed into the wet mold, owing to the sudden generation of steam that could find no outlet, and several persons were killed and a large number injured.

It is said that search was made for the man whose predictions had been so painfully verified, and that the government employed him to advise about the best mode of preventing such accidents in future. The result was that Moorfields was given up as a site of a gun foundry altogether, and upon his advice the establishment was removed to the Warren at Woolwich.—London Tit-Bits.

## Annoying Honesty.

Having vouched for the honesty of the woman who wished a situation as scrubwoman, the good-natured man was subjected to a severe examination by the superintendent of the building.

"There are degrees of honesty," said the superintendent. "How honest is she?"

The good-natured man reflected. "Well," he said, "I'll tell you. She is so honest that if you throw anything that looks to be worth a copper into the waste paper basket you have to tag it 'Destroy this' or she will fish it out and put it back on your desk night after night, no matter how badly you want to get rid of it. I don't know that I can say anything more."

"Nothing more is necessary," said the superintendent, and he hired the woman at once.

## BARE ANKLES UNDOING

BALTIMORE, Aug. 16.—Two pairs of trim ankles, innocent of stockings, twinkled beneath two skirts today and led to the capture of two pretty 18 year old girls, a blonde and a brunette. They were making tracks from the Maryland School for Girls.

## U. S. MARINES RULE

AMERICAN MINISTER TO NICARAGUA HAS MEN TO COMPEL RECOGNITION OF NEUTRAL ZONE

MANAGUA, Via PANAMA, Aug. 16.—American Minister Weitzel today established a neutrality zone which takes in all of the Managua corporations, and sent formal notice to Generals Mena and Zeledon that the United States marines and other forces here would be prepared to force his order and they would be responsible for the injury of any person in this zone.

Four hundred marines under General Butler reported to Minister Weitzel early today. If necessary Butler could be sent against the rebels with a well trained force of 900 men.

Managua is today almost surrounded by rebel troops, but there has been no firing since yesterday morning. A delegation from the rebel headquarters arrived in the city late yesterday. Peace negotiations are on, but no details have been given out. The president is known to have made a counter proposition to the terms submitted by the rebels and Mena is said to have agreed to waive his claim for restoration to the cabinet.

## YOUNG GIRL DIES OF HEART DISEASE

Miss Grace Powell, aged 12, died of heart disease at her home at 2232 Prospect street at 8:10 o'clock this morning, after being ill since February.

She is survived by her mother and father, two brothers, Roy and Burton, and one sister, Melva.

The funeral will be held Sunday morning at 9 o'clock and burial will be made at Dakota.

## PICTURE ACTOR KILLED

CHICAGO, Aug. 16.—A moving picture film depicting a battle between a band of cowboys and a score of Indians will be more than ordinarily realistic. It will show the leader of the cowboys falling from his horse and trampled under the feet of the horses of his followers, Alexander Uhly, 40, of 3523 North Clark street, died today at St. Francis hospital. He was the cowboy leader and fell when his horse stumbled during the staging of the mimic battle. His companions, riding full speed, could not stop their horses.

## KNOX OFF FOR TOKIO

WASHINGTON, Aug. 16.—Secretary of State Knox, acting as special ambassador for the United States will start from here tonight on his trip to Tokio, to attend the funeral of the late Emperor Mutsuhito.

## Value of Choice Ideas.

Few things matter more to us than the entry of choice ideas into our outlook. Let the "practical" man condemn them if he will; those minute and delicate powers give the tinge to our thoughts, the bias to our theories, that determine our whole attitude towards life and shape the destiny of nations.—George Bourne.

## Accent Long Preserved.

It is a curious fact that in the Bahama islands, which were settled more than two hundred years ago by Londoners, the Cockney dialect is as strong as it is in Cheapside.

Something unusual about the man who doesn't think his life story would make an interesting book.

## OROZCO SUES FOR TERMS OF PEACE

Juarez Evacuated by the Rebels Last Night and in Hands of the Federals

MEXICO CITY, Aug. 16.—Definite proposals for peace were received here today from General Pascual Orozco, chief of the revolutionary forces. It is expected that a truce will be declared immediately and negotiations opened which will result in the rebels laying down their arms.

Orozco agrees not to insist on President Madero retiring from office, but makes an ironclad condition that all of the revolutionists, officers, privates and himself shall receive a full pardon and be restored to full citizenship. He provides that Madero shall pledge himself to immediately carry out the promises of reform made when he took over the reins of government following the successful revolution against Diaz and that the 300 relatives of Madero now holding office shall be ousted.

EL PASO, Tex., Aug. 16.—Today Juarez, which for months has been a rebel stronghold, and rebel capital of the state of Chihuahua, is again under federal control, and the army of Gen. Pascual Orozco, accompanied by the rebel chief, is fleeing from the federals of General Telesco.

Orozco evacuated Juarez during the night, the last of three troops bearing the rebel troops south over the Mexican Central railroad leaving early today. At daybreak Colonel Juan Medina, former mayor of the border city, went into Juarez at the head of a vigilance committee of 100 organized in El Paso, and today he is in charge of the city and the members of his committee are preserving order.

At Villa Ahumada, on the Mexican Central road, Orozco today de-trained his army and began a march overland to the eastern border. His ultimate purpose is to join General Zapata in the campaign around Mexico City.

For the first time in months, business houses generally are open in Juarez.

It is reported in Juarez that General Orozco has returned to the city with fifty men and will await the coming of federals. If he is in Juarez, he is keeping out of sight. At 1 a. m. Orozco boarded a troop train leaving Juarez.

## Arrest Orozco's Aide

WASHINGTON, Aug. 16.—Colonel Robelo, one of General Orozco's highest officers, has been arrested by American troops at El Paso, on the request of the department of justice and will be turned over to the civil authorities. Brigadier General Steever informed the war department today. Robelo is charged with violating the neutrality law.

Robelo crossed the international bridge from Juarez to telephone to General Steever that Orozco was planning to leave Juarez without doing violence to the town, and to ask the American general to station guards at the bridge and along the river to prevent the crossing of turbulent characters, who under the confusion of the evacuation might attempt to pillage. Robelo was immediately arrested. The guard along the river was strengthened.

HOUSE OF REPRESENTATIVES ADOPTS SUBSTITUTE FOR BOURNE PARCELS POST BILL OF SENATE

WASHINGTON, Aug. 16.—As a substitute for the Bourne-Bristow parcels post plan, inserted by the senate in the postoffice bill, the house this afternoon by a vote of 143 to 86 adopted a zone parcels post scheme proposed by Representative Moon of Tennessee. The plan is to be experimental and the rates, according to the zones, will vary from five to twelve cents a pound. Moon said he believed the substitute would be acceptable to the senate, insuring adoption of the conference report.

## FORMER PASTOR AT SPARTA DIES

SPRINGFIELD, Ill., Aug. 16.—Rev. Edwin S. Walker, a prominent citizen of this city, died at his home last night aged 84 years. He was pastor of the First Baptist church in Ripon from 1861 to 1863, and of the First Baptist church of Sparta, Wis., from 1863 to 1866, resigning to come to Springfield and live, owing to bronchial trouble.

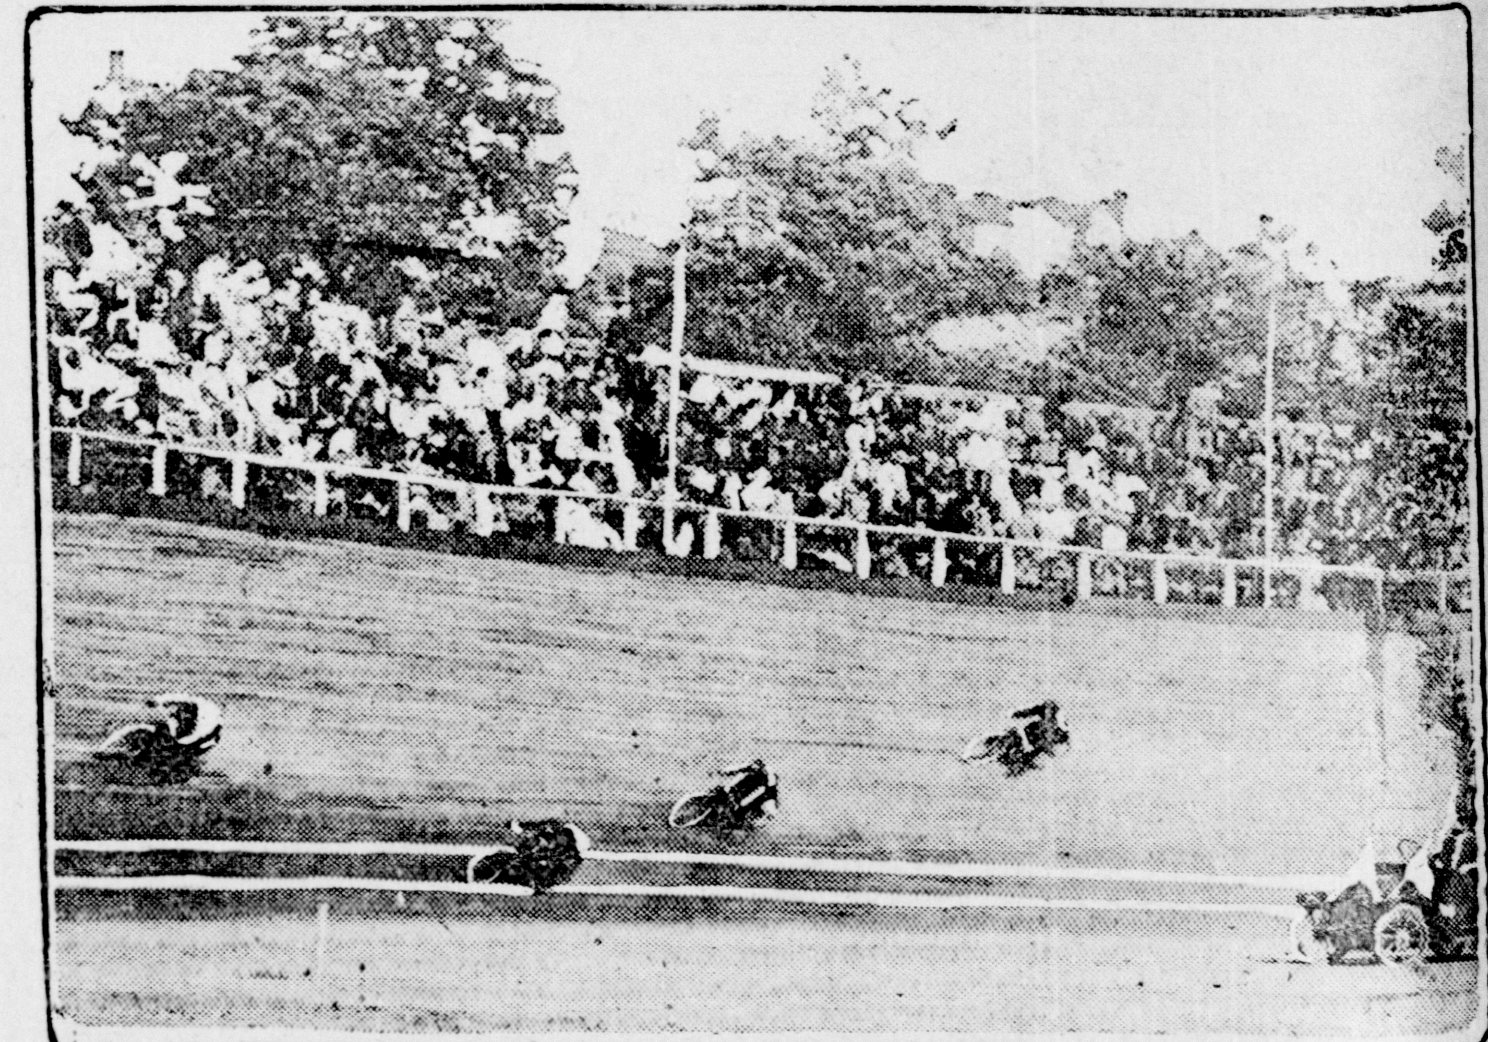

## DISCUSS CULBERSON BILL

## PLAN STRING OF DEATH DARING MOTOR BOWLS ACROSS COUNTRY AND NATIONAL LEAGUE TO MANAGE NEW SPORT

Motorcyclist spinning along sides of Philadelphia bowl. Sometimes they go within few inches of top.

The American public has gone crazy about motorcycle racing in the cities where it has been introduced. It is the most thrilling sport yet devised, replete also with the element of contest and personality of contestants. The thrills are based on real danger, too, for occasionally a rider gives his life as the penalty for his daring. The sides of the stadiums are being made steeper each time a new one is built until now riders go along the sheer sides toward the top almost like a fly along a wall, except they don't go at the pace of a fly. Their momentum makes them stick at the sharp angles. Cleveland motordrome promoters are now building a track at St. Louis and plan a string in cities not yet entered. With other owners, they expect to form a national league within the next few months.

**WICKERSHAM CAREFUL**  
TAKES NO CHANCES OF MIXING UP HIS OFFICIAL DUTIES WITH HIS PRIVATE BUSINESS

WASHINGTON, Aug. 15.—For careful supervision of department expenditures—careful from his standpoint—Attorney General Wickersham probably has something on most cabinet officers. It has long been the custom of government officers to make use of the little emoluments which come within their prerogatives. Thus a cabinet officer would in most cases believe himself entitled to use of the franking privilege even when sending out personal letters. If he made a speech he would have the government printing office print it at government expense.  
But not so with Wickersham. If he addresses any member of his family by mail he uses a stamp which he pays for himself. If he sends out any mail matter which might under any circumstances be construed as private business and not strictly connected with the government's affairs he pays for the postage. When he makes a speech and his friends send him for copies he has it printed at his own expense.

It is not so long ago that Secretary Knox was severely criticised by a house committee for keeping his list on the payrolls of the state department as a messenger.  
Holland's flag is also the emblem of liberty; but nobody knows how during the long centuries the orange became changed to red.

**Breakfast Monotony**

—the same old chops, or bacon and eggs, and biscuit, for breakfast—may be avoided.

For a change, try this ideal breakfast:

- Some fresh fruit
- Saucer of Grape-Nuts and cream
- A soft-boiled egg
- Some nice crisp toast
- A cup of Postum

This will give you an ideal combination of the three principal food elements—proteids, carbohydrates and fats—in the most easily digestible form.

And it means a wide awake individual with energy and a clear head to make a stir in the world; it replaces that dull, sluggish feeling which so often follows the too-much-meat-and-biscuit breakfast.

The man who has work to do can't afford to be overloaded with the kind of food that requires undue effort on the part of his digestive organs for a time and leaves him with a "gone feeling" just about the time of day when he needs his best mental and physical powers.

Grape-Nuts food affords real strength of mind and body with little effort (or waste force) in getting it converted in the system into energy and staying-power—the power to act and to endure.

American Cities Large and Small to Be Represented at Hygiene and Demography Meet

**MINNEAPOLIS SENDS MOST**

Ten Delegates Go to Washington from Flour City and Chicago Sends Six

WASHINGTON, Aug. 16.—American cities, large and small, promise to form one of the most important units represented by delegations at the international congress on hygiene and demography, which meets in Washington, September 23-28. Seventy-three cities have already decided to participate and other official notifications of appointments of municipal delegates are being received here every day by the officers of the congress.

Ten from Minneapolis  
Minneapolis, Minn., is sending the largest city delegation, ten in number. Chicago is sending six and New York city four. The little town of Wallace, Idaho, with a population of thirty-five hundred, is sending a delegate. The complete list so far of the cities which have officially notified the officers of the congress that they will be represented, is as follows: California, San Francisco, Long Beach and Pasadena; Colorado, Longmont, Grand Junction, Cripple Creek and Loveland; Pennsylvania, Lancaster, Johnstown, South Bethlehem, Altoona, Williamsport and Reading; Iowa, Burlington, Council Bluffs, Creston, Des Moines, Dubuque, Garner, Glenwood, Grinnell, Harbin, Hampton, Iowa City, Maquoketa, Ottumwa, Rock Rapids, Keokuk and Waterloo; Arkansas, Fort Smith; Connecticut, New Haven and Waterbury; Florida, Jacksonville, Orlando, Pensacola, St. Augustine and Tampa; Georgia, Augusta and Athens; Idaho, Wallace; Illinois, Chicago and Waukegan; Indiana, Anderson and Richmond; Kansas, Kansas City, Fort Scott, Leavenworth, Wichita and Topeka; Kentucky, Ashland and Louisville; Louisiana, Jennings; Maryland, Mt. Wilson; Massachusetts, Malden; Minnesota, Minneapolis, Rochester; Mississippi, Jackson; Missouri, Moberly; New Jersey, Newark; New York, New York city, Hudson, Lackawanna, Rome, Mt. Vernon, Rochester, Syracuse, Schenectady, Troy, North Tonawanda; Ohio, Cincinnati; South Dakota, Lead; Tennessee, Nashville; Virginia, Lynchburg and Newport News.

Iowa Leads  
At the present time Iowa leads all other states of the Union in the number of cities which have named representatives. Sixteen Iowa cities will participate.

In an enthusiastic letter, A. L. MacMaster, city clerk of Rome, N. Y., informs Dr. John S. Fulton, secretary general of the congress, that Mayor Townsend will attend and bring with him, as additional delegates, the health officer, city clerk and four aldermen. New York city is also to have one of the most extensive exhibits at the accompanying exhibition on health.

In naming three delegates to represent Waukegan, Ill., Mayor J. F. Biddinger writes, "I, like you, realize the importance of this gathering, and what it means to this country and the rare opportunity we have of holding a convention of this nature in the United States."

The governors of the states are transmitting to the mayors of cities in their several states the invitation of President Taft to participate in the congress.

Usually the mayors are designating the city health officers as delegates, though in some instances the chief city officials are themselves planning to attend.

**PRAIRIE DU CHIEN.**

Mr. and Mrs. C. R. Peters of the Dousman House, were host and hostess at a large card party given in the hotel dining room Wednesday evening.

The large room was handsomely and effectively decorated in green and gold, flowers, vines, foliage and masses of golden rod being used with Japanese lanterns interspersed at intervals.

Thirteen tables of five hundred were played and prizes were won by Mrs. R. D. Paris and Mr. Alexander Athey. Music was furnished during refreshments by an orchestra in the music room.

The guests included Messrs. and Mesdames Alexander Athey, Fred Evert, Jr., Harry Clarke, P. L. Scanlon, E. Steiger, R. M. White, R. D. Paris, C. B. Case, R. R. Harris, W. H. Tarrt, William Moore, Jule Vernon, W. H. **TO TAX CATS**

BASEL, Switzerland, Aug. 15.—Switzerland is to have a tax on cats, and a big movement is on foot to secure early passage of the law providing for its introduction. Each household will have to register its cats at the local postoffice and every feline will be decorated with a badge bearing its number. The law forbids owners to let their cats out at night in case they disturb people's slumbers.

**Severe Reflection.**  
A discussion on appointments to the Most Noble Order of the Thistle gave rise to a caustic saying on the part of Disraeli. Among the names suggested was that of a certain peer, who displayed more zeal than judgment in his support of the Conservative party. "Oh, no!" remarked his ungrateful chief, "I couldn't give Lord — the Thistle. He'd eat it."

## COMPLAINT PECULIAR

RATS AND LIZARDS INTERFERE WITH THE OPERATION OF ELECTRICAL MACHINERY

A small rat revolving at the rate of fifteen hundred revolutions per minute has been found extremely detrimental to the proper operation of electrical machinery. Lizards rotating at a similar speed have been found equally detrimental. An armature was recently returned from Costa Rica to the Crocker-Wheeler company at Ampero, N. J., with the request that the ventilating holes be screened with gauze or in some other fashion. The Costa Rica correspondent wrote:

"There are openings or holes in the end of this armature and when it is not running small animals find in it an attractive hiding place. When the power is turned on they are thrown against the casing and the centrifugal force makes a distribution of their contents and in this way the armature is short circuited and burned out. The trouble has occurred twice, and afterward, on one occasion, the remains of a lizard were found, and on the other, a small rat."

The rotors of small motors and generators revolve at the rate of one to two thousand revolutions per minute. This is an unusual number of revolutions per minute even for South America, and the rat and lizard must have become extremely dizzy before venting their wrath by causing the motor to burn out.

## PLAYWRIGHTS TO WORK IN SUMMER

Student playwrights at the University of Wisconsin who contemplate entering the contest for the \$100 prize in the junior play contest are being allowed to work on their dramas during the summer, according to a new arrangement. In previous years the contest was not announced until the opening of the school year in September. The judges who will pass on the merits of the plays which the contest closes next October 15 are: Profs. Karl Young, and J. F. A. Pyre, R. B. Owen, Miss Margaret Ashmun, all of the English department, and Miss Gertrude Johnson of the public speaking department.

**She Knew Him.**  
"Good-by forever!" said the young man, coldly, as he prepared to depart. "I leave you now, never to return." "Good-by," said the fair maid in the parlor scene. "But before you go let me remind you that you can telephone me in the morning over so much cheaper than you can send a messenger, and you can buy me a box of chocolates with the difference."

## TORTURE AN AMERICAN

MEXICAN REBELS BEHEAD U. S. CITIZEN AFTER FIENDISH CRUELTY; ATTACK OTHER FOREIGNERS

MEXICO CITY, Aug. 16.—Ambassador Wilson has forwarded an official report to the state department in Washington in connection with the killing of Rowan Ayres, American civil engineer, who was captured by rebels, tortured and finally beheaded. A detachment of troops sent out to search for Ayres found only his headless body.

In addition to the barbarous treatment of natives in southern Mexico the rebels threaten to pile up complications by attacks on foreigners. C. M. Sterling and C. Cruikshanks, Englishmen, have advised the authorities that they were held up near Morelos by rebels, and stripped of their clothing, and all personal belongings.

## NORTHWEST NEWS

### FEAR OF DROWNING CAUSE OF DEATH

ST. PAUL, Aug. 16.—Because Danny Herschkowitz, 15 years old, 179 Thirteenth street, talked while the newsboys in the Y. M. C. A. camp on Lake St. Croix were saluting the flag, he was denied his swimming privileges for the day and later lost his life while trying to get a swim without being seen from the camp. He was about thirty yards from the shore when he sank, according to boys who were near him in a boat but who could not swim and did not go to his aid.

Young Herschkowitz was not a good swimmer. He had taken with him a pair of inflated wings. He lost these, and, failing to regain them, after a few minutes' struggle in the water, he sank. Other boys came, and although the body was found within several minutes, the boy was dead.

Dr. C. F. King of Hudson, Wis., was called, and he said the youth had died of fright, as there was no water on the lungs. The physician said the boy was dead before he sank.

### 190,000 POUNDS SENT BY EXPRESS

MINNEAPOLIS, Minn., Aug. 16.—The largest single express shipment which ever left Minneapolis, was turned over to the Great Northern Express company Thursday by the International Harvester company plant in that city, when five carloads of binding twine were consigned to Fargo with a "rush" label on each.

The express charges on the shipment were \$2,375, and the total weight of the twine 190,000 pounds.

### SEIDEL ATTACKS TEDDY ROOSEVELT

FARGO, N. D., Aug. 16.—Emil Seidel, former mayor of Milwaukee and socialist candidate for vice president, speaking here, said: "Theodore Roosevelt, that arch reformer of today, is satisfied with a little regulation of railroads. I say you democrats and republicans are too cheap. Instead of being satisfied with a little bit of the railroads we want the whole railroad system; we want it because we have got to have it."

### PEOPLE BUY AIRSHIPS

ROME, Aug. 16.—One hundred and fifty aeroplanes are to be added to Italy's aerial fleet by popular subscription. Announcement was today made that up to date the subscription totals \$500,000. It is not to be closed until \$600,000 has been donated. Of the 150 aeroplanes at least 12 will be the result of donations made by the Italians living in the United States.

### BAR LONG ORATORY

MELBOURNE, Australia, Aug. 15.—The federal house of representatives has got tired of listening to lengthy speeches and has passed a rule limiting members to sixty-five minutes, or ninety-five minutes in special circumstances.

### ADD TO U. S. FUNDS.

WASHINGTON, Aug. 15.—For the third time since July 1, the house yesterday provided temporary funds to run the government departments whose appropriations expired June 30. The resolution continued last year's appropriations pro rata until August 31.

Asa Darling, Miss Mary Bigg and niece, Miss Lucile departed Monday for their home at Chicago, after several weeks' visit here with Mrs. Wm. Breen, the former's sister.

Mr. and Mrs. Robert Taylor of Sparta spent Sunday the guests of Dr. and Mrs. D. A. Taylor.

Mr. Albert Bosshard of Dover, Minn., and sister, Miss Ella, are the guests of Mrs. G. Bosshard.

Mr. and Mrs. Aaron Darling departed last week for Harvard, Ill., for a visit with relatives.

Howard Jones of Chicago is the guest of his uncle, Griff Williams.

Mrs. T. Parker and son returned Friday to their home in St. Louis.

Albert Piske, who had his arm torn off in a corn shredder, has an artificial hand affixed to his arm.

Mrs. Ben Roon and daughter are visiting relatives at Spooner.

The ladies of the Baptist church will give a social Friday, August 23rd in Prestons' basement. Supper 15 cents.

Mr. and Mrs. Roy Bowen and Mr. and Mrs. I. A. Richardson left on Thursday in their auto for Barron.

Mrs. R. M. Jones and daughters Ruth and Dorothy went to Minneapolis Wednesday.

Dr. Gillilan returned Wednesday from Camp Salem up in Taylor county. The party had a nice time while in camp.

Miss Geneva Hanson, who is working at the dress making trade at La Crosse, is home on a vacation.

## WISCONSIN NEWS

### BOARDMAN FINDS COMPANY IS RIGHT

OSHKOSH, Wis., Aug. 16.—Later developments in the matter of the report that guardsmen had lost their positions at the plant of the Diamond Match company because they attended the annual encampment this summer throw a different light on the subject.

Adj. Gen. Boardman states that the state authorities are entirely satisfied with the attitude of the Diamond Match company on the question and with the action taken by its managers.

All the men who attended camp either have work with the company or will have if they apply for it excepting possibly three, two of whom were slated for discharge before the encampment but who were permitted to work the full week out before the encampment that they might draw a full week's pay. Their discharge had nothing whatever to do with their being members of the militia or with the fact that they went to the encampment.

### BREAK CAMP AT MILITARY RANGE

SPARTA, Wis., Aug. 16.—Today saw the breaking up of the big maneuver camp at McCoy, when over 2,000 troops of the provisional regiment left for their various posts, and the organization which made the long hike from Dubuque to Sparta last spring was disbanded.

The regiment was made up of soldiers from Fort Sheridan, Fort Snelling, Fort Brady and Fort Cook.

The two regiments of the Minnesota National Guard which have been here for a ten days' tour of duty also left for home today.

The Sixth cavalry returned home overland as it came. It left for Fort Meade today.

### HORSE AND WAGON BACK INTO RIVER

GREEN BAY, Wis., Aug. 16.—Whitney Hoagland, driver for the Morley Murphy company, narrowly escaped death by drowning when the horse he was driving backed off the Cargill elevator dock into the Fox river. The horse hit the young man after it went into the river and the lad was severely injured. The horse was drowned.

### DOG PROTECTS MASTER

GREEN BAY, Wis., Aug. 16.—Thomas Rohan, farmer, perhaps owes his life to a faithful canine, which after driving an enraged bull from him watched over his master's body until aid arrived. Rohan was in the field when the bull attacked him. The dog drove the animal away but not until Rohan had sustained severe injuries.

### LAD DROWNS

ASHLAND, Wis., Aug. 16.—Harry Johnson, son of Mr. and Mrs. Charles Johnson, was drowned Wednesday while playing in a yacht at Sand Island. In some manner the boy fell from the boat and was dead when taken from the water.

### German Cures.

In Germany one finds all kinds of cures. Every enterprising town has one. Often the cure house is the finest public building in the city. A German talks of going to his cure as an American of going to his vacation. There are milk cures and mud cures, wind cures and water cures, mountain cures and surf cures; but my choice is the forest cure.

Not only does it best please my personal taste but I notice that it gets the most serious cases—those where radical and heroic cures are needed. First of all there are the tuberculosis patients strewn about on their cots under the pungent shades of the Black Forest as about Dr. Trudeau's camp in the Adirondacks.

Then there are the devotees of indigestion and the nervous wrecks, bilious, alcoholic and society wrecks, drug fiends, bridge fiends and every body; that is everybody who can spend the time and money to come hither for the forest cure. Naturally in Germany, as in America, folks who have to work and support families cannot afford to be cured. They can't even afford the disease in the first place.—Woman's Home Companion.

### The Road to Fame.

"Virtue is its own reward," quoted the good young man. "Yes," replied the black sheep of the family, "the prodigal son got more fame than his virtuous brother who stayed at home and behaved himself."

### Poor Consolation.

We like to know the weakness of eminent men; it consoles us for our inferiority.—Madame de Lambert.

## WOULD FIX BALKANS

GERMANY SAID TO BE DISCUSSING CONFERENCE OF POWERS TO END LONG FUSS OF TINY COUNTRIES

BERLIN, Aug. 16.—Foreign Minister Kinderlein-Wachter will go to the castle tomorrow to discuss with the kaiser Austria's proposal of a conference of the powers to arrange a permanent settlement of the everlasting commotion in the Balkans. The foreign minister thinks well of the plan. His view is that the turbulent little nations of the peninsula make far more trouble than their importance entitles them to cause. They are continually threatening to plunge Europe into war, and the more important powers, Germany and Austria, are said to agree, have had about enough of it.

**Tested.**  
"Eighty dollars for a set of tires is pretty stiff," said Jipson. "Haven't you got anything cheaper?"

"Sure," said the affable salesman. "I have a set here you can have for ten dollars."

"Ten, eh?" said Jipson. That's good and cheap. How about 'em—are they good for anything? Ever had 'em tested?"

"I should say so," said the salesman. "They've traveled over 30,000 miles already."—Harper's Weekly.

over a possible wet harvest, but helped to strengthen the general tone of the market.

Corn followed wheat in the lead, for different reasons. Traders and producers are becoming worried over the slow progress of the crop in the western states, because of the cool weather.

Oats had a higher start today. There was a good local demand and shorts in general were disposed to cover owing to reports of wet weather in the northwest. Offerings were very light.

Provisions had a strong undertone. There was a good commission house demand in evidence, because of the decrease in stocks of provisions.

## "Mother's" Name.

A deed was being drawn for a certain farmer to sign. All went smoothly until the lawyer asked him his wife's name.

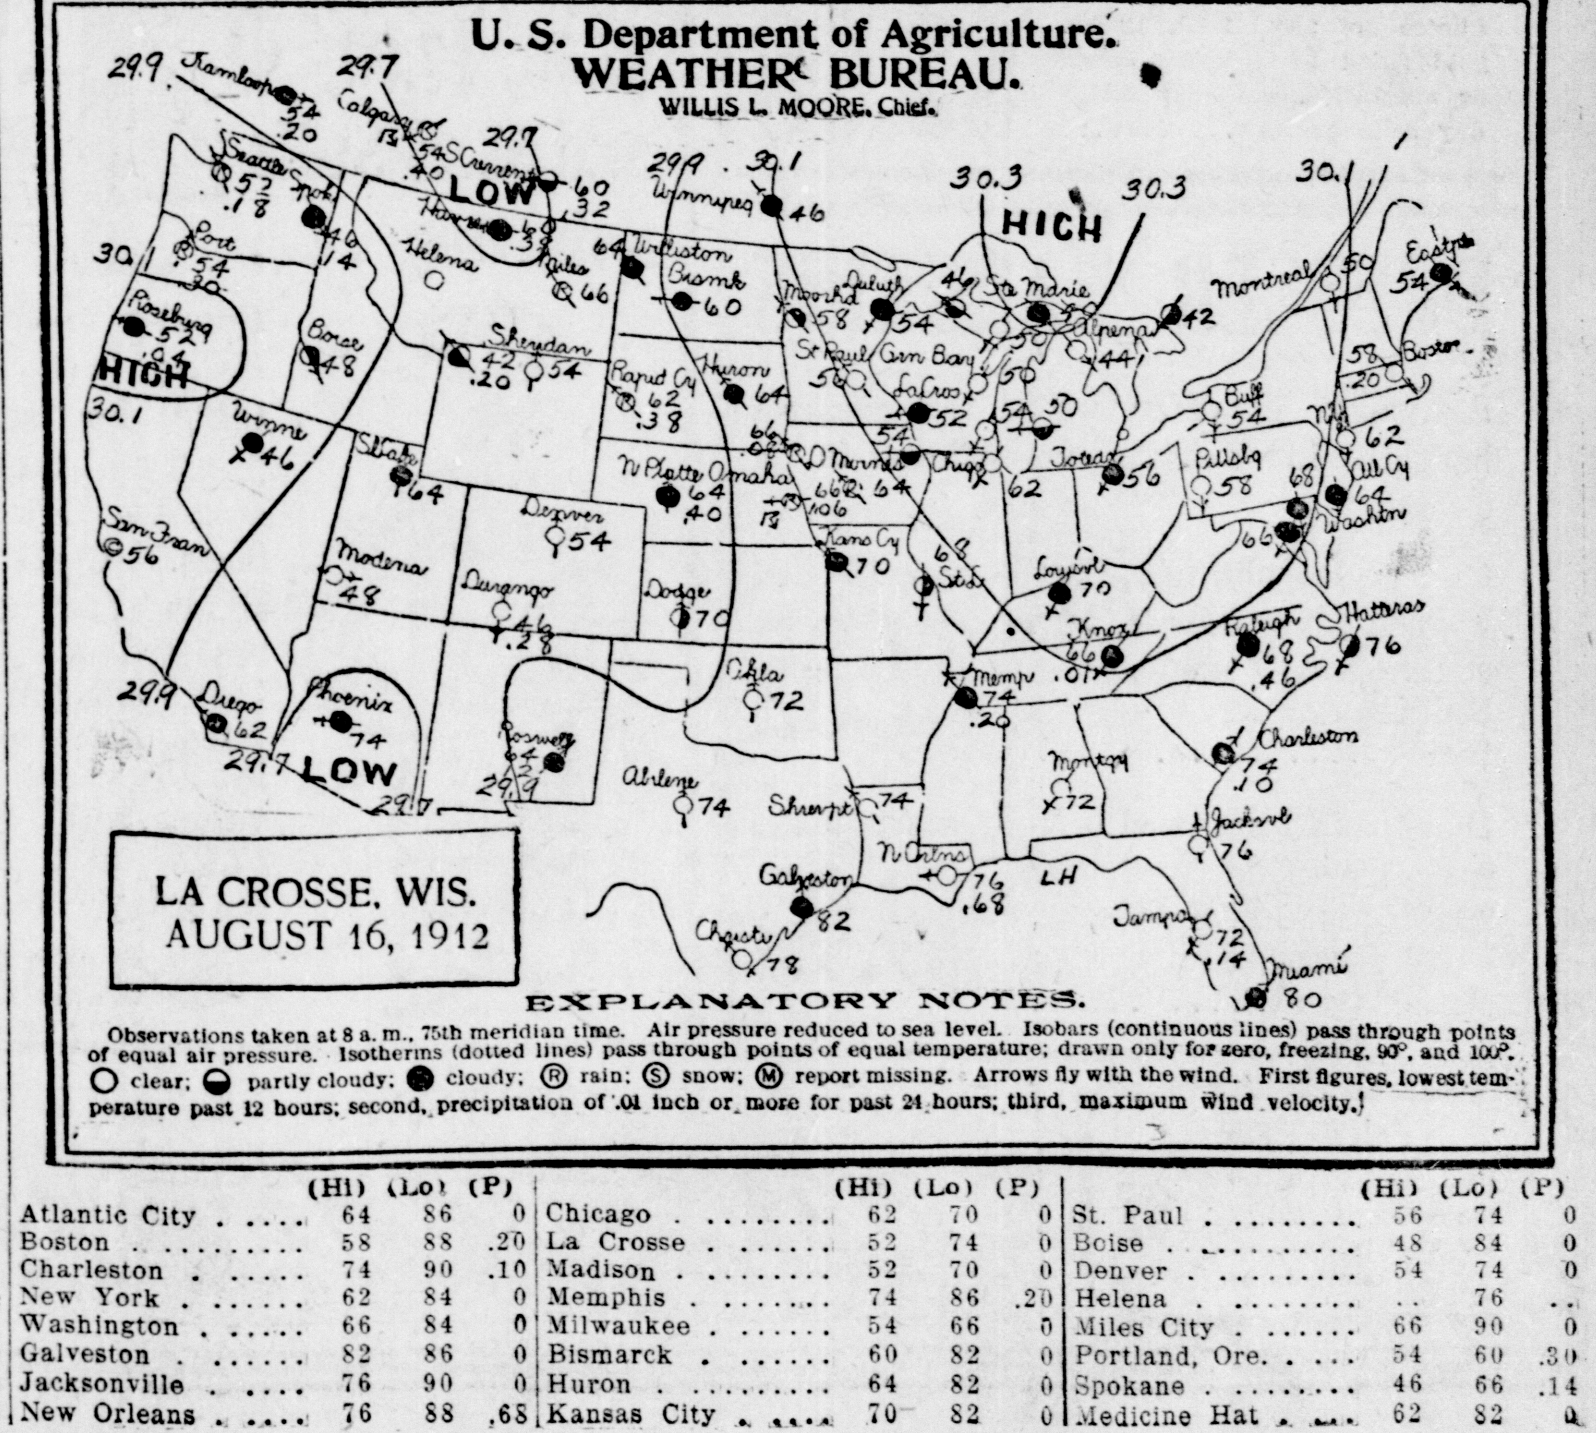

"Oh, yes, of course. My wife's name. Very necessary, to be sure," said the farmer.

It was plain to be seen that he was not prepared to answer. The blood rushed to his face, he looked troubled, and finally turned his back and looked out of the window.

"What do you think of that!" he exclaimed, as he turned slowly round. "I simply cannot remember her name. You see, they used to call her Pet when she was a girl at home, and that was her name with me until two years after our marriage, when I began calling her 'mother.' I could not tell you her name if it were a capital offense not to do so. S'pose it wouldn't do to call her Pet in the deed?"

It would not do, so he hurried away, and in an hour came back with his wife's full name written on a slip of paper.—Youth's Companion.

### CUBS TAKE FIRST FROM NEW YORK

Marquard Derricked in the Fifth After Chicago Has Made Five Runs

### ARE FIVE GAMES BEHIND

Victory Yesterday Puts the Bearlets on Heels of Muggsy McGraw's Leaders

### NATIONAL LEAGUE

Chicago 5; New York 1  
CHICAGO, Aug. 16.—The Cubs won the first battle of this important series with the Giants, 5 to 1. The locals made all or their runs off Marquard in the fifth inning. After two out and with two strikes on him, Zimmerman cleaned up with a two bagger scoring a pair of tallies behind Tinker's double which had tied the count at one all. Zimmerman scored on Leach's single into right and the latter went to second on a wild throw to the plate. He went to third on Marquard's wild pitch and crossed the pan on Down's single to right. Marquard then was sent to the bench and Crandall came to the rescue. The Giants scored their only tally on doubles by Murray and Merkle. Score: R H E Chicago . . . 000100000—5 6 1 New York . . . 000000000—1 6 1 Batteries: Marquard, Crandall and Meyers; Richie and Archer.  
Brooklyn 7-0; Cincinnati 3-5  
CINCINNATI, Aug. 16.—The Reds and Superbas broke even in a double header yesterday. Brooklyn took the first game 7 to 3 by scoring four runs in the tenth and the Reds shut out the Dodgers 5 to 0 in the second. Scores: First game—R H E Brooklyn . . . 0000000304—7 12 1 Cincinnati . . . 0011001000—3 11 1 Batteries: Stack, Ragon and Miller; Benton and McLean.  
Second game—R H E Brooklyn . . . 0000000000—0 5 1 Cincinnati . . . 000000000x—5 8 1 Batteries: Allen and Ewing; Suggs and McLean.  
St. Louis 7; Boston 5  
ST. LOUIS, Aug. 16.—The Cardinals beat Boston yesterday 7 to 5. Tyler and Geyer who started the game, were hit hard. Kroh and Sallee both did well but Sallee's teammates made the most runs. Score: R H E Boston . . . 100004000—5 6 1 St. Louis . . . 00403000x—7 7 2 Batteries: Tyler, Kroh, Dickson and Rariden; Geyer, Sallee and Wingo.  
Pittsburg 7-4; Philadelphia 1-0  
PITTSBURG, Aug. 16.—Pittsburg again took both games of a double header yesterday by scores of 7 to 1 and 4 to 0. Both O'Toole and Adams pitched great ball and but for an error by O'Toole the Quakers would have been shut out in both games. The fielding of Wagner and Donlin were the features of the two games. Scores: First game—R H E Philadelphia . . . 000100000—1 7 0 Pittsburg . . . 000300040x—7 12 2 Batteries: Rixey and Killifer; O'Toole and Kelly.  
Second game—R H E Philadelphia . . . 0000000000—0 8 0 Pittsburg . . . 20200000x—4 11 0 Batteries: Seaton and Dooin; Adams and Gibson.

### AMERICAN LEAGUE

Boston 13; St. Louis 6  
BOSTON, Aug. 16.—The Red Sox made it three straight from the St. Louis Browns by winning yesterday's game, 13 to 6. The Sox landed on Powell unmercifully and, aided by the Brown's errors, clinched the game in the second inning. Score: R H E St. Louis . . . 001120110—6 10 4 Boston . . . 07204000x—13 14 1 Batteries: Powell and Alexander; Bedient, Carrigan and Nunamaker.  
New York 5; Detroit 4  
NEW YORK, Aug. 16.—Pitcher Dubuc's long string of straight victories was broken yesterday when the Yankees stopped him from setting up twelve in a row. Detroit was beaten, 5 to 4. Score: R H E Detroit . . . 0003000010—4 7 3 New York . . . 20010200x—5 6 4 Batteries: Dubuc and Koehner; McConnell and Sweeney.  
Philadelphia 5; Cleveland 2  
PHILADELPHIA, Aug. 16.—J. Franklin Baker's hard hitting and Barry's brilliant shortstop play enabled the Athletics to take the third straight game from Cleveland yesterday by a score of 5 to 2. Baker bagged two triples and a single. The score: R H E Cleveland . . . 000200000—2 5 3 Philadelphia . . . 000040100—5 6 0 Batteries: Blanding and O'Neill; Coombs and Lapp.  
Washington 4; Chicago 3  
CHICAGO, Aug. 16.—The White Sox won the fourth straight game from the Nationals, 4 to 3. Batteries: White, Walsh and Easterly; Kuhn, Cashion, Johnson and Ainsmith.

### LA CROSSE GETS 1913 GOLF MEET

Next Woman's State Club Tourney to Be Held on the Local Links

### Mrs. J. C. Felber is President

Mrs. J. C. Felber and Mrs. J. J. Ablett Are Among New Officers of the Association

KENOSHA, Wis., Aug. 16.—Mrs. Edwin R. Whitcomb of the Milwaukee Country club and Mrs. Harry Dandauer of the Woodmont club, Milwaukee, will fight it out for the women's golf championship of Wisconsin on the links of the Kenosha Country club today as they were left as survivors after the hardest day of match play ever known in a Wisconsin tourney.

In the midst of the excitement over the play on the links the annual meeting of the state association was held at the club house and after a lively fight the La Crosse club was awarded the 1913 tournament. Officers elected for the year were:

President—Mrs. J. C. Felber, La Crosse.  
Vice president—Mrs. Edwin R. Whitcomb, Milwaukee.  
Secretary—Mrs. J. J. Ablett, La Crosse.  
Treasurer—Mrs. A. A. Guilbert, Racine.

Directors—Mrs. W. C. Bleidung, Blue Mound; Miss Harriet Cole, Kenosha; Miss Georgia Budd, Oshkosh; Mrs. W. J. Kohler, Sheboygan; Mrs. J. C. Hamilton, Manitowish; Mrs. Harry Landauer, Woodmont; Mrs. Winifred Cameron, Milwaukee Country club.

The report of the officers showed that the association is in an excellent financial condition. It is planned to secure several more clubs for membership before the holding of the 1913 tournament, but none of the applications pending were acted on at the meeting on Thursday.

### NOT SURE OF JACK

NEW YORK, Aug. 16.—Dan McKetrick, manager of Joe Jeannette, is skeptical of Jack Johnson's agreement to box Jeannette. He fears Johnson will back out at the crucial time. "I won't be happy until they meet in the ring. Then I'll know Jeannette is to fight Johnson," said McKetrick. Johnny Kilbane and Johnny Dundee are expected to box ten rounds as an added attraction at the big performance of Johnson and Jeannette.
